About 2026 Collection

Our 2026 Interior collection offers a blend of modern elegance and timeless charm, designed to inspire and elevate living spaces. Featuring a curated selection of furniture, textiles, and accessories, each piece in the collection embodies quality craftsmanship and attention to detail. From sleek, minimalist lines to plush, inviting textures, the 2026 Interior collection brings a touch of sophistication to any home. Whether you're looking to refresh a single room or revamp your entire living area, these thoughtfully designed pieces are sure to create an atmosphere of comfort and style.

Discover the harmonious balance between innovation and tradition with our range of bespoke items, each crafted to seamlessly integrate into diverse interior aesthetics. The collection includes versatile pieces that cater to a variety of tastes, ensuring that every homeowner can find something that resonates with their personal style.

Explore our palette of rich, earthy tones and soft, neutral shades that complement a spectrum of décor themes, from urban chic to rustic elegance. Our commitment to sustainability is reflected in our use of eco-friendly materials and processes, making it easier than ever to create a beautiful, responsible living environment.

Designed for living. Built to last

this interior design approach embraces a harmonious blend of modern aesthetics and sustainable practices. By incorporating natural materials, such as reclaimed wood and eco-friendly textiles, it creates a warm and inviting atmosphere while minimizing environmental impact.

The use of neutral palettes, complemented by pops of vibrant colors through carefully chosen accessories, adds a dynamic yet balanced feel to the space.

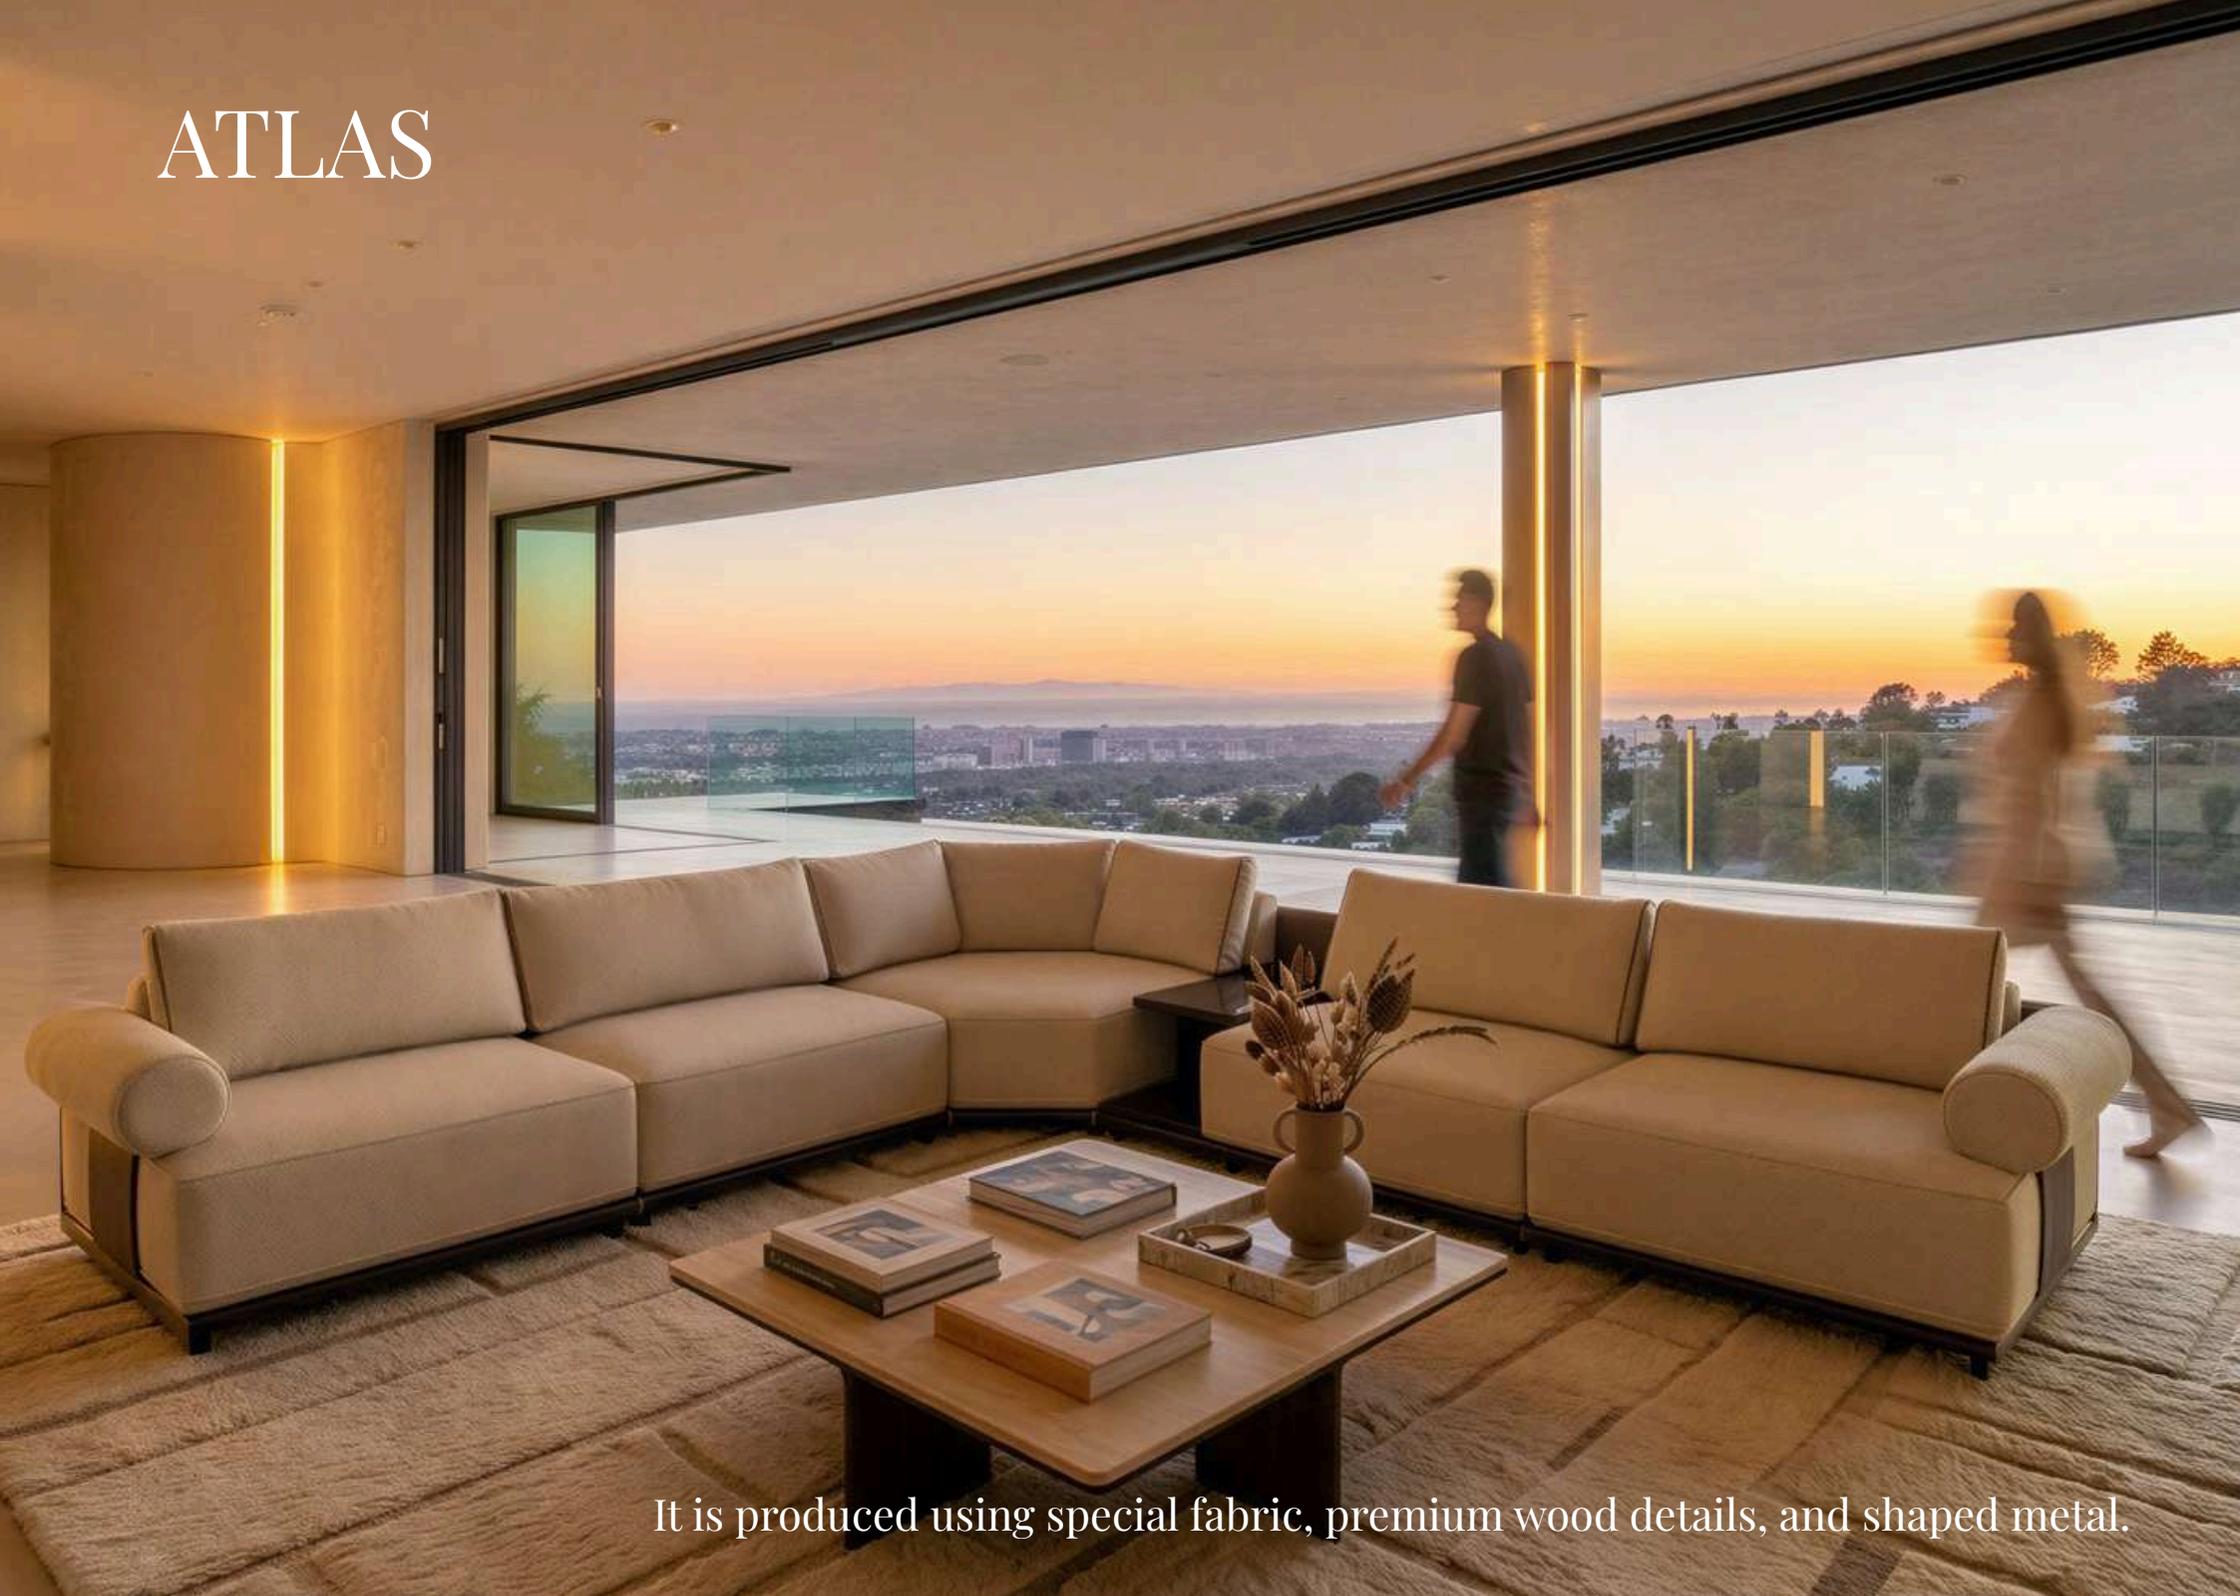

ATLAS MODULER CORNER

We blend craftsmanship with modern design. Every piece is built with sustainable materials,

ATLAS

It is produced using special fabric, premium wood details, and shaped metal.

CLASSICAL OR MODERN?

MADE ENTIRELY OF BEECH WOOD

a completely custom design and custom
colors

BELLINI MODULER SET

A comfortable, aesthetically pleasing, and mind-stimulating design suitable for everyday use. Inspired by the colors of nature.

BELLINI

Its modular shape and elevated comfort bring a fresh feel to your home.

Design it however you like.

WE PAY ATTENTION TO DETAIL.

Because we know that details add a whole new dimension to a product.

MILAS MODULER SET

A comfortable, aesthetically pleasing, and mind-stimulating design suitable for everyday use. Inspired by the colors of nature.

MILAS

A stunning design created from a combination of nubuck and premium quality fabrics.

You will be the winner at the end of the day.

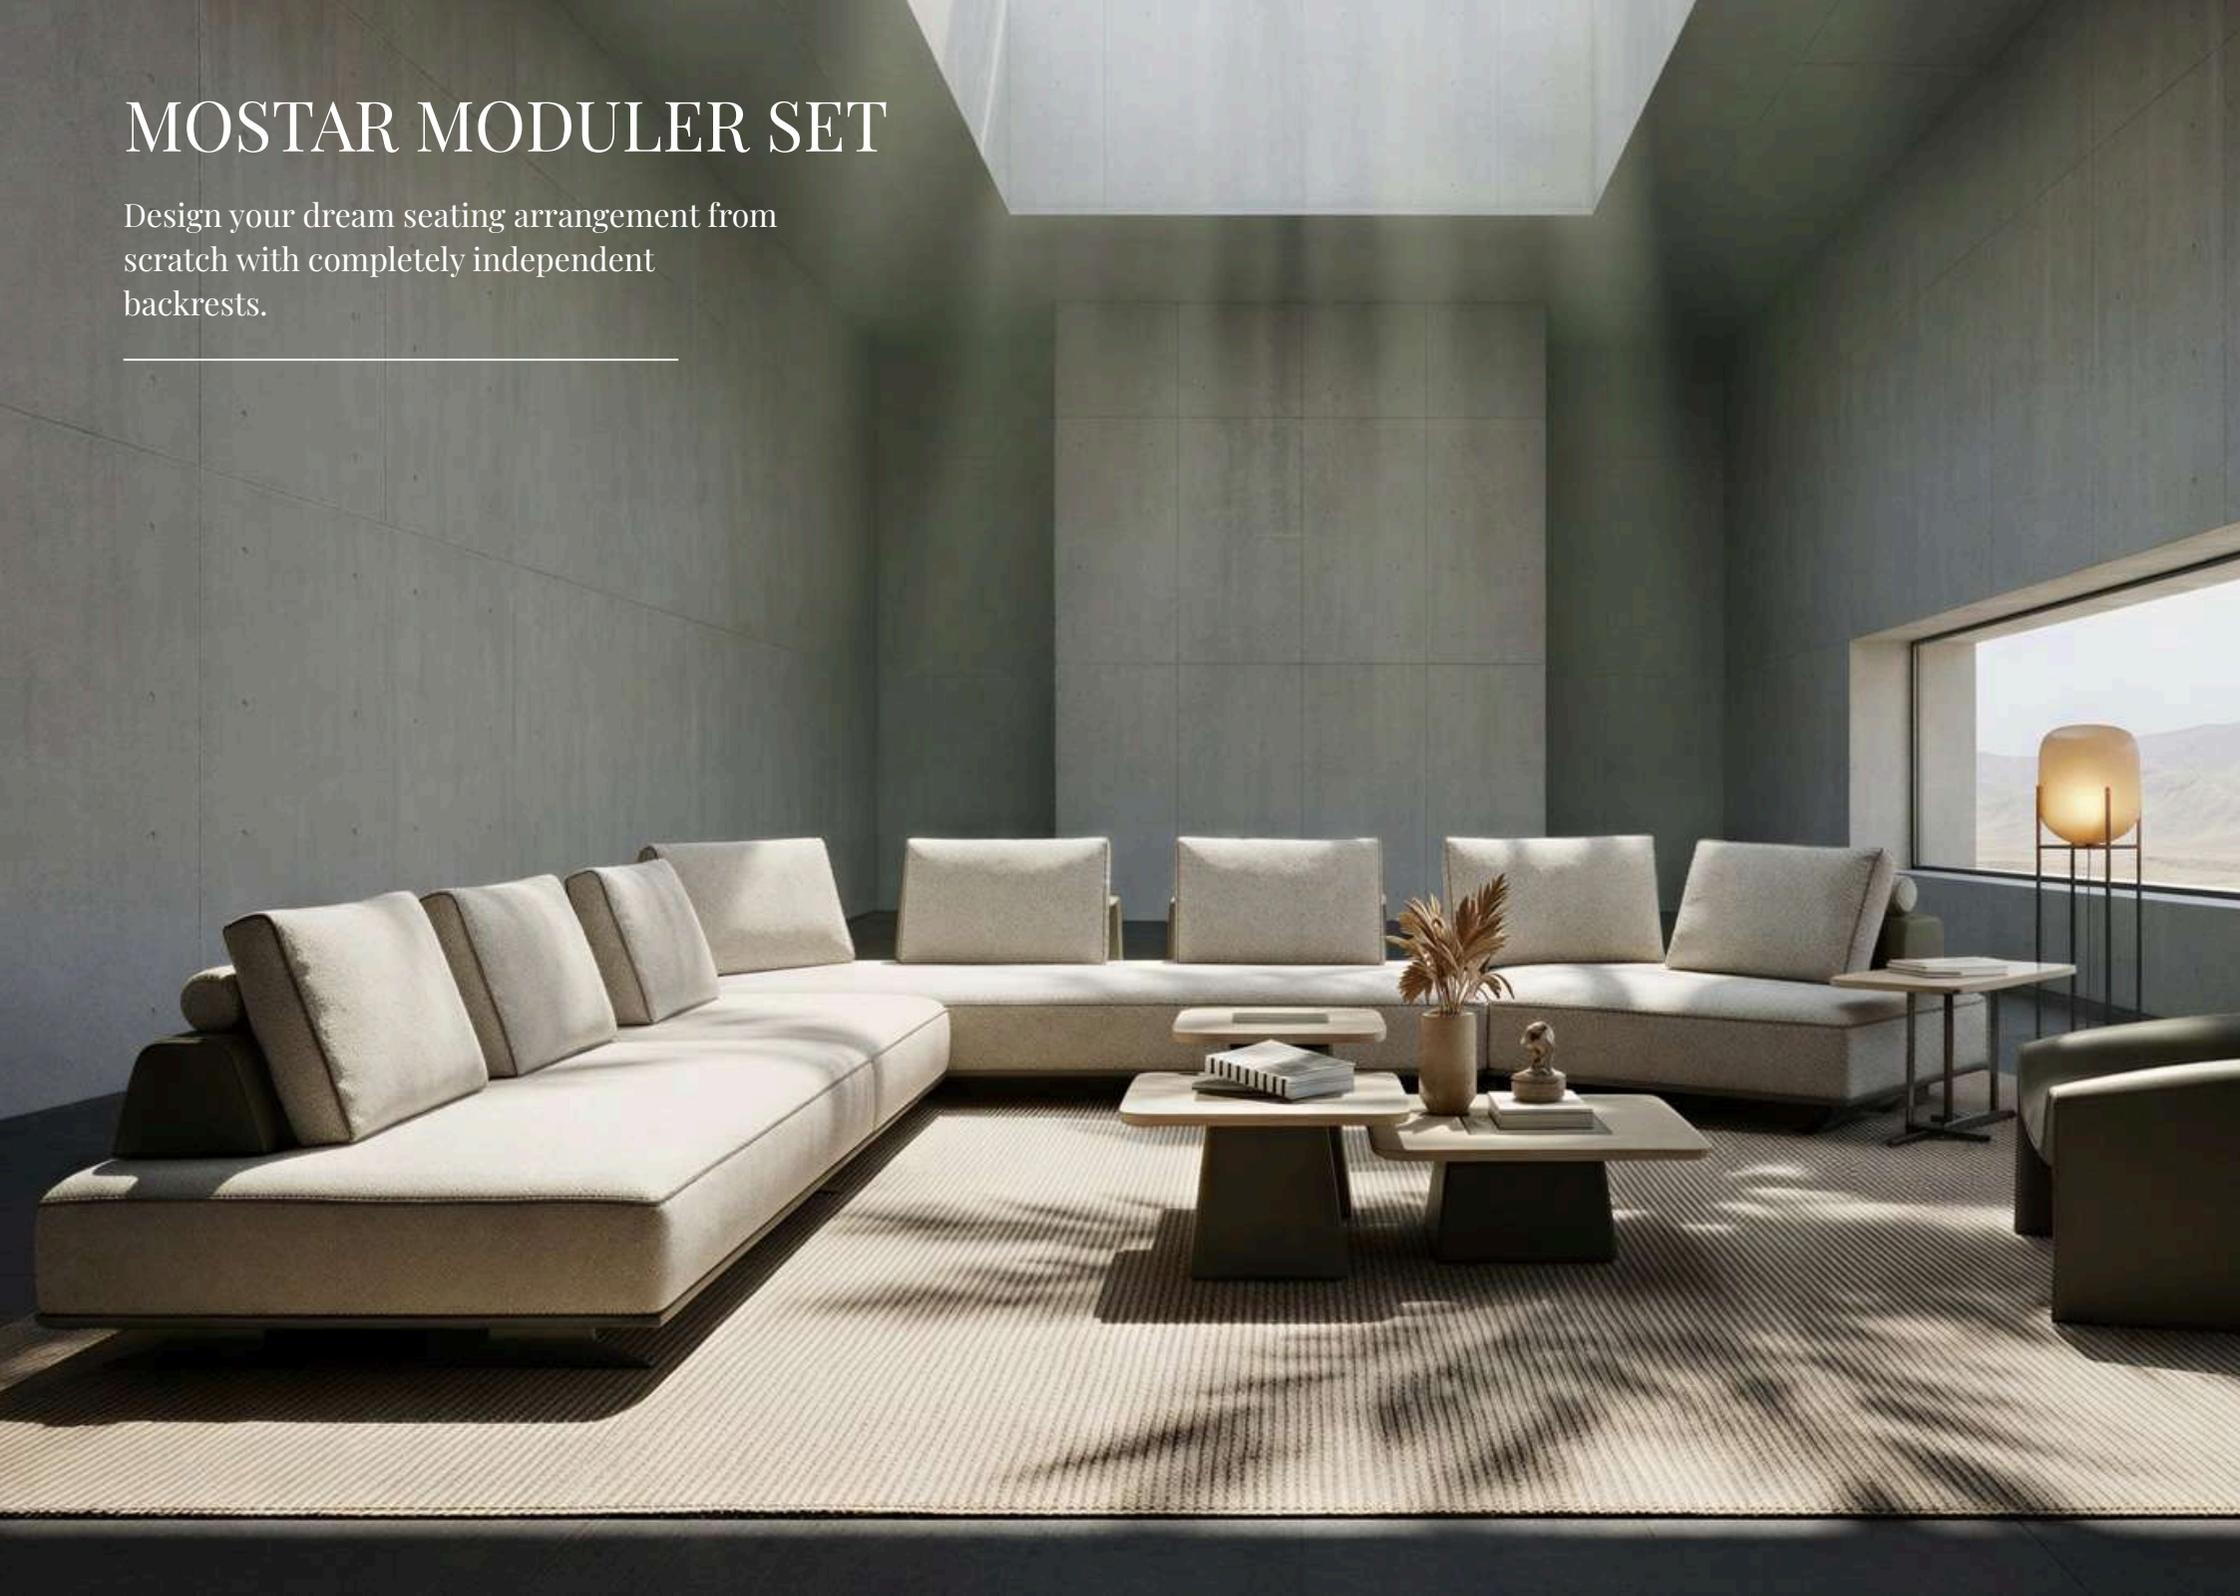

INSPIRED BY YOUR NEEDS.

minimalist, comfortable and eye-catching

MOSTAR MODULER SET

Design your dream seating arrangement from scratch with completely independent backrests.

MOSTAR

COSTA

TABLE

Costa is not just a table; it is a form of expression that adds presence to the space. Its fluid geometry and elegant metal legs create an aesthetic center in the space and reflect a contemporary design approach. Strong in every detail, refined in every surface..

A TIMELESS
SILHOUETTE, A
MODERN STANCE.

COSTA TABLE

Petra adds dynamism to static spaces with its dynamic forms. The sculptural structure created by its elegant metal legs offers not only a strong balance but also an artistic stance. A bold and refined choice for modern living spaces.

PETRA

TABLE

**MYSTERIOUS
TEXTURES HIDDEN
IN THE DETAILS.**

PETRA TABLE

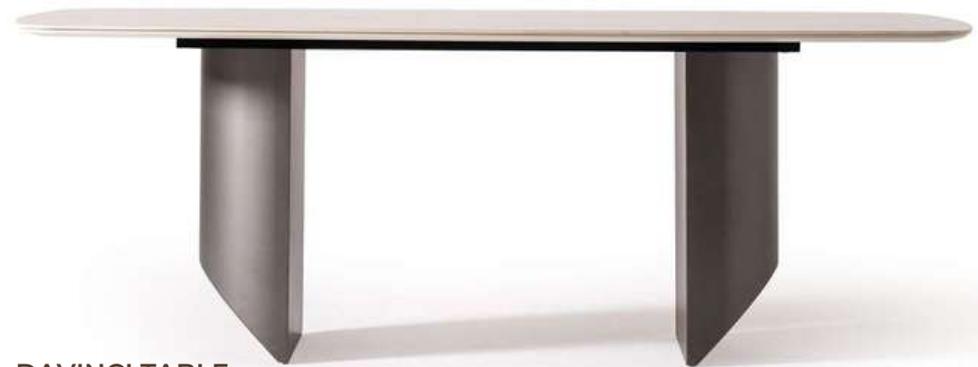

DA VINCI

TABLE

The elegant curve of the two main legs gives the table not only balance but also an artistic character. For those looking for an intellectual touch in modern spaces...

A MASTER OF
DESIGN: DA VINCI.

DAVINCI TABLE

MARVEN

TABLE

It is the ideal centerpiece for those who want to create a simple yet impressive atmosphere in modern living spaces.

**TIMELESS FORM,
CONTEMPORARY
INTERPRETATION.**

MARVEN TABLE

VIENNA

TABLE

Designed for those who want to add character to their space without being a burden. Vienna carries a hidden elegance in its simplicity.

MYSTERIOUS
TEXTURES HIDDEN
IN THE DETAILS.

VIENNA TABLE

NOVA

TABLE

Nova Table brings together natural textures and modern lines. Its vertically striped cylindrical legs offer a sculptural expression while adding warmth and rhythm to the space. This table, where organic surfaces meet elegant proportions, has a simple and impressive character.

THE NATURAL
RHYTHM ON THE
TABLE.

NOVA TABLE

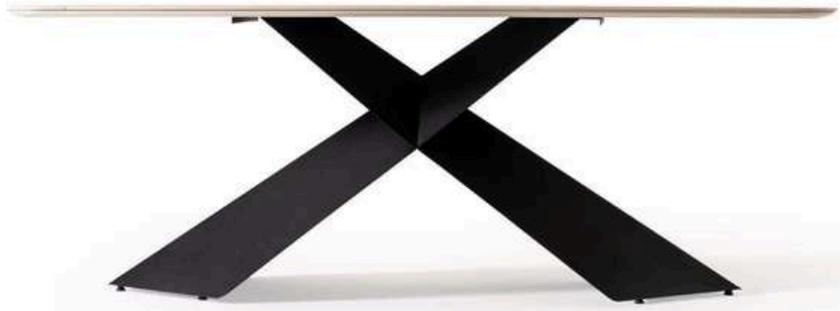

SOLID

TABLE

It brings a sculptural look to the center of the design. While it offers a stable and dynamic appearance with its symmetrical foot structure, it balances this power elegantly with its plain table. Solid speaks with proportion, not details.

**STRONG FORMS,
ELEGANT
BALANCES.**

SOLID TABLE

Moon Table reflects the architectural expression within minimalism. The conical forms that merge with the base give the table a strong standing position, while the top carries this effect to a sophisticated balance. Both simple and characterful.

MOON

TABLE

**THE TABLE THAT
REDEFINES
BALANCE.**

MOON TABLE

VERA

TABLE

Vera combines strength and lightness in the same form with the diagonal dance of its elegant pipe legs. With its stable structure and fluid geometry, it offers not only function but also visual richness.

YOUR SPACE
BREATHES WITH
VERA.

VERA TABLE

MAGNEZ

TABLE

Magnez Table represents a timeless design with its geometric clarity. The balanced distribution of conical metal legs provides both spaciousness and aesthetic depth to the space.

**STRONG STANCE,
LIGHT APPEARANCE.**

MAGNEZ TABLE

**SECURE SHIPPING WITH
STRONG PROTECTION
METHODS :**

Protected in every detail

Each table is delivered with a special packaging system that will provide maximum protection during shipment. Both aesthetics and safety are prioritized with shock absorbing material, steel frame and tight fixing that minimizes the risk of damage.

NEW MODERN AND
AESTHETIC new chair
collection

MOOD 1

MOOD 2

MOOD 3

With its fluid form and soft transitions, this chair combines the simplicity of modern design with high seating comfort. While its organic curves add elegance to the space, it does not compromise on aesthetics with its strong stance."
