

Sensation Ride™ Formal Dressage Saddle - Classic Model - Regular price \$3,143.00 CAD – Call for U.S. Price.

The Sensation Ride™ Formal Dressage Trail treeless saddle allows the rider to sit very naturally on the horse, but aids the rider in keeping the leg stable. A deep seat and a wider pommel help maintain a solid, steady position. The flap of the Formal Dressage model is straighter; to be ridden with a long leg. The Formal Dressage model comes with two rings on either side of the pommel for breastplate use.

The "Trail" designation supplies 5 additional rings for gear. This is an option for this model.

Compared to the standard Dressage flap, the Formal model has a longer flap and more substantial knee roll with quilt lines which tend to hug the leg.

**Sensation Ride™ does NOT have trial saddles at this time. Please check out our [Dealer Locator Page](#) to find your nearest Dealer. They will be happy to help you fit your saddle and find the right one specifically for you and your horse.*
