RE: Recommendation Letter for Daniel Lindsey

To Whom It May Concern,

It was a privilege to work with Dan Lindsey over the last six years at Synergi, LLC. During this time, he served as Technical Preconstruction Manager and we worked closely as part of the Client Partnerships team. Dan is a hardworking team player, accomplished draftsman and estimator. He has a deep working knowledge of the design and construction of feature stairs, structural steel, guardrails and the finishes applied to feature stairs.

He is a creative thinker that would regularly suggest innovative solutions to problems and use his strong CAD skills to draw a solution to visually demonstrate to the wider team.

What sets Dan apart is his willingness to help the team with tasks outside of his direct projects and Dan would regularly drop everything and work on his own time to help win project pursuits. He has a collaborative approach to working within a team and contributed to a productive and fun team environment.

Overall, Dan was an asset to the Client Partnerships Team and Synergi as a whole. I strongly recommend Dan for a position with your organization and wish him all the best in his future endeavors.

Please feel free to contact me with any additional questions at 410.610.1523.

Warm Regards,

Jonathan Moorley

**Executive Vice President of Client Partnerships**

**Synergi, LLC.**
