A3 Black and White MFP

Sophisticated features at an affordable price

The RICOH MP 2014 / MP 2014D / MP 2014AD is an A3 black and white MFP with a brisk output speed of 20 ppm, providing maximum efficiency for document processing in your office. Your total cost of ownership is low because the MP 2014 / MP 2014D / MP 2014AD has an economical initial cost with low operating expenses. This reliable MFP has been designed to provide you with robust performance in demanding office environments. This comes with an Energy Saving Key, putting it instantly into sleep-mode, reducing your energy bill.

Low total cost of ownership

The MP 2014 / MP 2014D / MP 2014AD offers highly competitive operating costs. The cost of consumable sets is amongst the most economical on the market.

Time-saving features

Highly productive features such as ID scanning simplify common copying and printing tasks for you. Short cut keys allow one-touch customisation of frequent routines for maximum efficiency.

Full colour scanning reduces filing

Scan colour originals to your PC, email, or folder with optional NIC (Network Interface Card) for efficient communications.

RICOH
imagine. change.

Straightforward productivity

High-speed printing does not have to be expensive. The CopyPrinter DX 2430 offers excellent value for your money. Printing an impressive 90 pages per minute, this system is both reliable and user-friendly. Adding spot colours or editing documents for a professional look is easy. This CopyPrinter turns into an extra-fast printer when upgraded with a PC controller.

- High performance • Smart paper feed • Easy colour drum change
- Several editing functions • Optional PC controller

Quality at low cost

Swift service

- Attain excellent productivity levels at 90 prints per minute
- Job flow from master-making to printing takes only one minute
- Turn your CopyPrinter into a high-speed printer with the optional PC controller

Easy and high-quality colour

Spot colour printing becomes uncomplicated and inexpensive with the DX 2430. The colour drum is easy to change. Ten standard colour inks and unlimited custom tints are available. The device offers 300 dpi fine print quality. You obtain the best image printing directly from your PC with the optional PC controller.

Durable and reliable

- New ink pump: Reduced maintenance costs and increased reliability
- Reliable paper feed: Separation mechanism, adjustable feed pressure
