I hope this information will help you get started. However, I'm sure it will not answer all your questions. Your teaching companions will possibly be your best source for answers, but feel free to email or call me at any time and I will do my best to help you out.

To enter UIL events you will need an account either with CHARMS or Texas Music Forms. If your school has a CHARMS subscription you will need to check with your campus CHARMS administrator. If you will be using Texas Music Forms, you can begin by creating an account at www.texasmusicforms.com. Either procedure will work and they are user friendly once you get started. If you ever forget your login or password, please contact the site administrators for help. If you just create a new one it will cause us both problems down the road. Best wishes and don't be afraid to ask for help. Most of the Region 13 directors will gladly help and advise. And I am almost always available.

Bill Duggan
