

DESCRIPTION:

Baked clay
crushed and
screened to
uniform
particle
sizes below
3/16"

COLOR:

Reddish Orange

TRACKMASTER
WARNING TRACK MIX

Available in Bulk Bags
and Bulk Trucks

TEXTURE:

Soft and
recognizable
underfoot for
player safety

Track Master warning track mix gives players a great visual and physical warning that they are running out of field. The color contrast with the outfield grass along with a distinct 'crunch' underfoot is a clear indication that they are nearing the wall. A warning track also serves as a roadway for tractors, utility vehicles, mowers and other equipment to keep them off the grass. The 3/16" minus particle size allows for the quick drainage of soaked fields. Visually, a red warning track is a beautiful contrast to a lush field of green grass, giving your ball field a professional look.

PARTICLE SIZE ANALYSIS:

Sand: 90-95%
Silt: 1-3%
Clay: 2-5%

SIEVE ANALYSIS: %
SIEVE # SIEVE SIZE PASSING

4	4.76 mm or 3/16"	90-95
7	2.83 mm or 1/8"	30-40
20	0.84 mm	25-35
60	0.25 mm	10-20
140	0.105 mm	5-15
200	0.075 mm	0-10

WEIGHT:

Approximately
2200 pounds
per cubic yard

DRAINAGE:

high drainage /
water retention
