Phylogenetic tree of the 324 isolates of *E. coli* O157:H7. The tree is rooted at the top left with J. Lyons (L5) and branches downwards. Isolates are labeled with their names, institutions, and dates. The tree shows several major clusters, including a large group of isolates from the University of Maryland (UM) and a group from the University of Virginia (UVA). The tree is color-coded by institution: red for UM, green for UVA, blue for FC, and yellow for GMU. The tree is labeled with 'L5' through 'L71' on the left and 'L74' through 'L70' on the right. The tree is labeled with 'J. Lyons', 'J. Noble', 'J. Lyons', 'A. Almany', 'K. Early', 'M. Tandurella', 'G. Joines', 'D. Dutillo', 'N. Messman', 'S. Nini', 'J. Keeling', 'B. Barton', 'M. Rogers', 'C. Phylogenetic tree showing relationships between individuals and institutions. The tree is rooted on the left and branches out to the right. Each node is labeled with an individual's name, a number, and an institution. The numbers are often in boxes. The institutions are abbreviated. The tree is color-coded with different background colors for different groups of individuals. The root node is L35, C. Johnson VMI. The tree branches into several main groups, including L112, L36, L110, L37, L109, L108, L38, L107, L39, L106, L40, and L105. The final node on the right is 336, K. Munro.
