

The Olimpios

RENAN, JAHVONA, NOAH, LIZA & LAYN

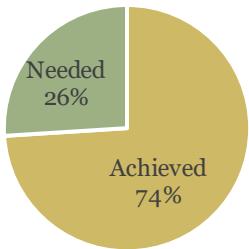

PRAISE HIM FOR THIS:

- Noah's development.
- Our family dynamic has been incredibly good.

PRAY TO HIM FOR THIS:

We hope to hit 100% of our support before march 2026!

Support report

-In Practical numbers we lack **700** dollars in support monthly.

Clarification: If you look us up on Word of life website this number above may be higher influenced by "One time" donations which is temporary.

Check our blog update on our website (next page)

A WORD FROM US

Hello family!

The end of the year has come and a new year is ahead of us! and there's so much to celebrate. I am sure you have blessings to share and to be thankful for. We do too.

To sum it up 2025 was a year of transformation and change. We have been in Ohio since May and we have been working and personal and family development with the help of God and wise men. We are blessed to be able to work, meet our dear partners and get ready for the next phase. Jahvona stays busy with two little ones and homeschooling Noah.

We have gone to **Pennsylvania** to visit **Atlantic Community Church** where I could share some of the Scriptures and some about God's ministry in Brazil. We feel so loved and cared for every time we go there and those brothers and sisters have been faithfully supporting us; they sure have their share in every soul that has been saved through our family ministry. We also got to see **Aunt Bea** on this trip in a nursing home in PA. If you don't know Aunt Bea, she was a great missionary in Brazil with whom we had the privilege to study with at the Bible School in Belem.

Between trips had the privilege to take our family to see **Sight and Sound** and watch "Noah", and later on we took them to "The Ark Encounter" in Kentucky. They are in love with the story of Noah (Picture 3). We are so blessed to experience it.

After going to "The Ark Encounter" we went to see partners in North Carolina. What an amazing time connecting with them seeing how much the Lord has blessed them. We were able to see our dearest **Hannah Thompson** and share some laughs and tears. What an amazing woman! (Picture 4).

December 2025/January 2026

We were also able to see Mr David and his joyful wife Carol (Picture 1). We had such a great time of conversation and games. They are absolute sweet and loving.

A third and special family we were able to see was the Arthurs (Picture 2). We had a outstanding experience getting to know their sweet son Levi. Levi and our kids played together as we had pleasant moments of conversation with Mr. and Mrs Arthurs. They are one of the most loving and caring family we have ever seen. We were encouraged by their journey as they navigate through challenges of life trusting and serving Jesus.

What's next?

As of now we are heading back to Brazil the **beginning of March, 2026!** We are in the process of buying tickets. We are so excited to see what God has in store for us as we get back to the field. As some of you know in 2026 we'll be joining a new missionary front in Manacapuru, we thankful to be able to serve in this new location that will provide flexibility and dynamic for our family. We will be based in Manacapuru (a small town) and from where we'll do weekly trips to the interior (1h:30 min away) and also we will be driving to Manaus (the capital) once a week for Noah's therapies. We are blessed with this opportunity to serve in the villages and still assist Noah in his autism journey. Please, keep us in your payer as we juggle with all the challenges of moving our family to a new location and also starting a new assignment. We are beyond blessed and we are looking forward to do so much more than we have already done. Finally, we would love to connect with each one one you before we leave for Brazil. So if have sometime available soon text me at 330 275 8216.
