Dear Friends and Partners,

Since 2014, Safe Exit Initiative (SEI) has supported individuals with histories of commercial sexual exploitation through specialized programming and advocacy efforts that address the need for systemic change.

Our survivor-driven programs are created by subject matter experts who know the realities of the sex trade firsthand. Guided by care and respect, SEI staff and community partners provide essential resources and daily community connections that create spaces of safety and support for individuals impacted by the sex trade. Our services reach individuals living at the intersection of multiple vulnerabilities, including homelessness, substance use and mental health disorders, food insecurity, child welfare involvement, and incarceration. While services and legal protections may be available to address these needs, they are often not accessible due to barriers such as conditional eligibility requirements, cost, documentation demands, and punitive or exclusionary systems. Through our work, we bridge this gap by interrupting cycles of harm and creating practical, low-barrier pathways to health, safety, self-sufficiency, and sustained healing.

This year, we invite our partners and sponsors to join us in calling attention to the long-term, coordinated investment required to support survivors in staying safely exited.

Your support of our annual fundraiser, After the Exit: An Immersive Exhibit on Life After Exploitation, helps highlight the powerful truth: leaving exploitation is a complex process that requires sustained, comprehensive, and multidisciplinary support. The interactive, game-style exhibit seeks to challenge assumptions about exiting, deepen understanding of SEI's impact, and raises funds to support the comprehensive pathways to stability for survivors of the sex trade.

Your generosity directly helps ensure survivors receive the sustained support they need to build safety, independence, and lasting change in their lives. We invite you to attend our event on Thursday, April 30, 2026 at The White Room in Worcester, MA, and we hope you will consider supporting us this year by way of sponsorship.

Thank you,

About Us

Safe Exit Initiative (SEI) is a survivor-led nonprofit based in Worcester, MA, with additional outreach locations in Maryland and Florida. Our programs and initiatives for individuals with lived or living experience in the sex trade provide essential resources and specialized programming, and advocate for the systemic changes needed to meet their unique needs.

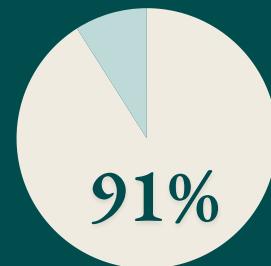

Our Mission

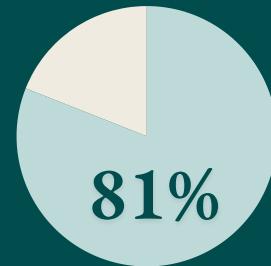

Creating safe and sustainable exits from exploitation and the sex trade through quality programming, strategic partnerships and comprehensive legislative initiatives.
