

Clean and Unclean

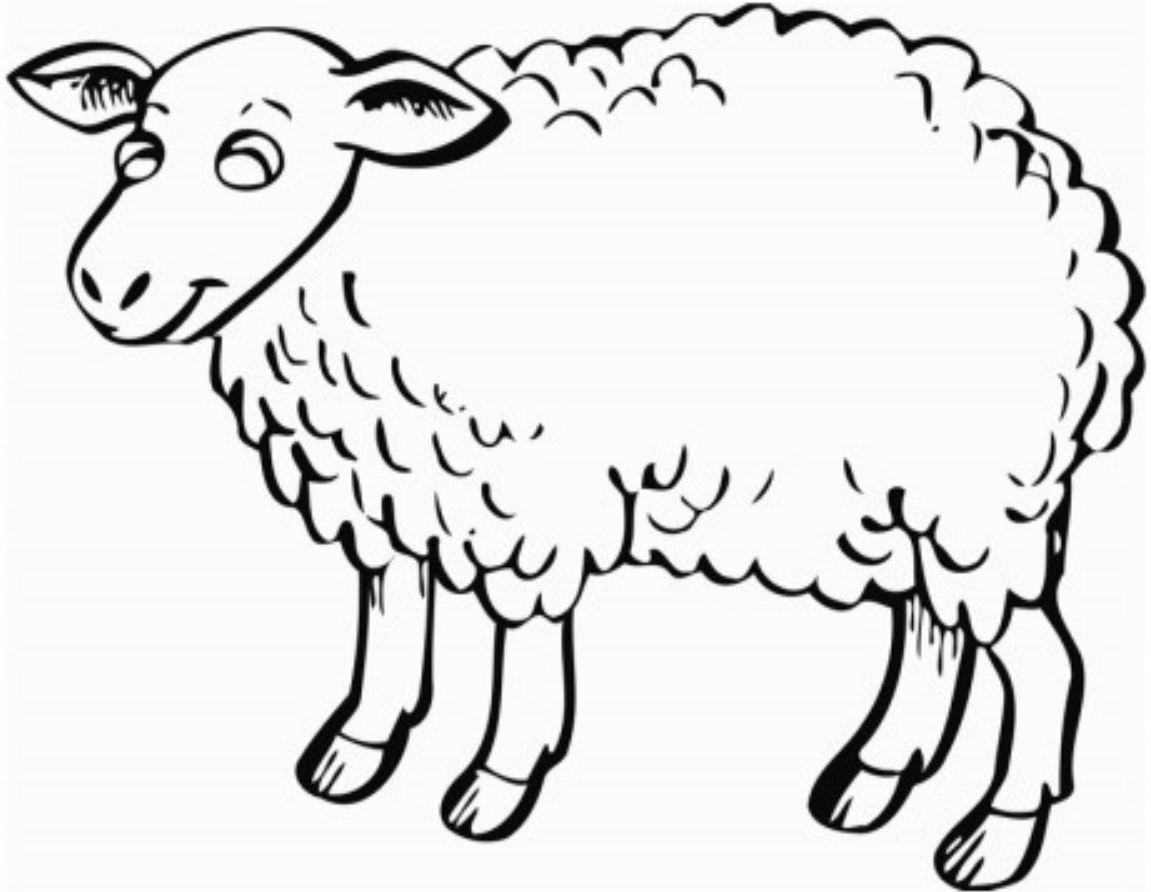

Coloring Book

ADONAI said to Moshe and Aharon, "Tell the people of Yisra'el, 'These are the living creatures which you may eat among all the land animals: any that has a separate hoof which is completely divided and chews the cud - these animals you may eat. But you are not to eat those that only chew the cud or only have a separate hoof. For example, the camel, the coney and the hare are unclean for you, because they chew the cud but don't have a separate hoof; while the pig is unclean for you, because, although it has a separate and completely divided hoof, it doesn't chew the cud. You are not to eat meat from these or touch their carcasses; they are unclean for you.
