

A Quick Review

After I've completed these pre-reqs:

- Learner's permit
- Classroom course
- Parent-teen class
- 45-hour log

I'll need to:

- Take a professional behind-the-wheel driving course:
seven lessons of 50 minutes driving plus 50 minutes observation
- Pass a road test during my seventh lesson
- Receive a six-month temporary license
- Attend a license ceremony and receive my permanent card

For more information or to register, call us at 703-870-1137. We look forward to hearing from you!

What Sets Ashburn Driving School Above the Rest?

- ❑ I and one of my parents will register in my home with an Ashburn Driving School representative
- ❑ I'll drive a total of 100 miles per course (that's 50 miles *more* than what DMV requires)
- ❑ I'll have no more than one other student in the car with me, for greater concentration
- ❑ I'll have lessons with that same student for the whole course, also for greater concentration
- ❑ All my lessons will be set within my available time
- ❑ I'll be picked up and dropped off at my own home or at any preferred Ashburn location
- ❑ I'll learn in a family-sized vehicle with auxiliary brake and proper signage
- ❑ I'll have an instructor who is thorough, conscientious, clear, and focused entirely on instructing me; he will not be distracted by completing paperwork or taking phone calls
- ❑ I'll learn formal defensive driving on multiple highways and residential roads; off-road recovery; steering control; parallel parking; the use of reference points; eye-hand coordination; distance measurement; and much more
- ❑ I'll receive a 50-point road test during my seventh lesson
- ❑ I and one of my parents will sign my license paperwork in my home with my instructor
- ❑ I'll have ongoing access to Ashburn Driving, and they'll archive my paperwork for three years
- ❑ I'll join in the Ashburn Driving School mission of saving lives, one well prepared driver at a time.
