

# Activity:

Compare the biodiversity in your front yard and backyard by completing the tables below. If you don't have a yard you can complete the exercise in different areas of your local park or school.

## Front Yard

Tick which habitat features are in your front yard

Tree hollows	Rocks	Logs	Pond	Other
				

Count how many different kinds of plants are in your front yard

Tall tree	Shrub	Small plant with flowers	Grass	Vine	Other
					

Count how many different kinds of animals are in your front yard (look but don't touch and get a grown up to help you)

Creepy crawlies						
Ant	Beetle	Snail	Worm	Butterfly	Grasshopper	Spider
						
Fly	Bee	Mantis	Dragonfly	Mosquito	Other	
						
Vertebrates						
Bird	Mammal		Reptile		Amphibian	
						

## Back Yard

Tick which habitat features are in your back yard

Tree hollows	Rocks	Logs	Pond	Other
				

Count how many different kinds of plants are in your back yard

Tall tree	Shrub	Small plant with flowers	Grass	Vine	Other
					

Count how many different kinds of animals are in your back yard (look but don't touch and get a grown up to help you)

Creepy crawlies						
Ant	Beetle	Snail	Worm	Butterfly	Grasshopper	Spider
						
Fly	Bee	Mantis	Dragonfly	Mosquito	Other	
						
Vertebrates						
Bird	Mammal		Reptile		Amphibian
