To the Most Worshipful Grand Master, Grand Worthy Matron, Grand Officers, Advisors, Brothers and Sisters:

Greetings,

It is our desire that this communication greets you in great spirit and good health. As we have continued to follow the guidelines from the Governor of Ohio, Mike DeWine; it has become abundantly clear that we must cancel the 2020 Grand Session at The University of Toledo.

This was not a particularly hard decision, as we always keep the safety and wellbeing of our Princesses, Pythagorans and Advisors as a forefront. The University of Toledo has agreed with this assessment and has been a great partner during this trying time, and we commend them on that.

We ask that you continue to follow the social distancing guidelines and adhere to the safety recommendations. We're still requesting that all meetings continue to be on hold. We look forward to proposing ideas that will help all Chapters and Assemblies to stay active and in touch as we all navigate through this difficult time.

In solidarity, we thank you for your continued support as we "Mentor, Motivate and Uplift" our youth.

Should you have any questions or concerns, please feel free to reach out to us:
