

Harrisonville Classical Christian Academy
Covid-19 Protocol 2020-2021
14-point Safety Protocol

1. Our schedule will be as planned for a 4 day School week, with a goal of maintaining small groups (10-15) in a classroom.
2. Common areas will be used with common sense and distancing as much as possible.
3. Classes will have pre-scheduled restroom times (except for emergencies, of course). Bringing a water bottle is suggested to minimize the use of the water fountain. Lunches will be eaten in the classroom or the commons areas by class. All students must bring their own lunches and drinks each day.
4. Some interior doors will be propped open to reduce touching of door handles. Exterior doors will be propped open during arrival and dismissal.
5. Students will remain in one classroom for the duration of the school day to reduce the likelihood of large groups in hallways; teachers will move from class to class to accommodate students, if needed.
6. Students and teachers will maintain social distancing guidelines in the classroom to the extent practicable with a goal of achieving groups smaller than Fifteen, (Note: We ask students and teachers not to wear masks because the screening process greatly reduces the likelihood of infection within the school. However, they may be worn if chosen). The only exception to this is if we receive a mandate from our government.
7. Parents will be responsible for screening students each day before bringing them to school, addressing the following questions:
 - a. Do they have the common COVID19 symptoms?
 - i. Shortness of breath, dry cough, fever, chills, body aches, diarrhea, vomiting, fatigue, sore throat, headache, loss of smell or taste, congestion or runny nose?
 - b. Have they been exposed to someone who tested positive for COVID19?
 - c. Have they been exposed to someone who exhibited all the symptoms of COVID19 but is awaiting screening, testing, or results of testing?
 - d. Have they had a fever (100 degrees F or higher) even without the other COVID19 symptoms within the past 24 hours?
 - e. Have they been vomiting or exhibiting other signs of a stomach virus within the past 24 hours? ***Please keep them home if vomiting or if they have a fever. They when must be vomit or fever free for 24 hours (without the use of medication) before they can return to school.***
8. Students will wash hands with soap and hot water each time they go to the restroom.
9. We will check all students', teachers', and staff members' temperatures before they enter the building. Parents who wish to enter the building will also undergo a temperature check. Those who do not pass the temperature check will not be allowed to enter school. ***We ask adults to not enter the building if at all possible for now.***

10. All students will use hand sanitizer upon entering and exiting the classroom distributed by the teacher.
11. Common surfaces will be disinfected daily by school staff and volunteers according to CDC guidelines.
12. Classrooms will be professionally disinfected towards the end of each week.
13. If a student or teacher discovers after having come to school that he or she was previously exposed to someone who tested positive for COVID19, the class will be notified. The classroom will be professionally disinfected. That student or teacher will be asked to stay home for 3 days to watch for symptoms.
14. If a student or teacher tests positive for COVID19, that classroom and possibly the school will be dismissed for a definite period of time in accordance with CDC guidelines. Additionally, the classroom will be professionally disinfected before being used again according to CDC guidelines. The teacher or student could be asked to remain at home for 10-14 days.

Please always notify the Head of School if you or your child tests positive for COVID19. We will do our best to keep students and their families healthy and safe. We will do our best to get schoolwork to any student who needs to stay home. We will not keep track of Perfect Attendance for the 2020-2021 school year. We will have a Meet the Teacher/Back to School night and parents will sign up for a designated time to do our best to Social Distance.
