Late and No-Show Fees

Dear Client,

Traditionally, I've resisted fees for late cancellations and no shows. However, due to an increased volume of clients, I will need to keep every slot filled. When you no-show, it is too late to call someone on the waiting list.

Effective immediately, there will be a no-show and late cancellation fee of \$50.

This fee will have to be paid prior to the next session. A late cancellation is anything with less than 24 hours' notice. Everyone gets one free no-show or late cancellation every 6 months, so use it wisely!
