*The National Association of Christian Lawmakers, the first para-legislative organization in the country to pass a national model law protecting life from the moment of conception, celebrates the one-year anniversary of the overturning of *Roe v. Wade*.*

**Washington D.C., June 22, 2023.** - The National Association of Christian Lawmakers (NACL) commemorates the one year anniversary of the historic Supreme Court ruling, *Dobbs v. Jackson Women's Health Organization*, which overturned *Roe v. Wade*, marking a significant milestone in the protection of unborn lives. This occasion prompts both celebration and solemn reflection as we acknowledge the millions of lives lost since the legalization of abortion in 1973.

The overturning of *Roe v. Wade* in the *Dobbs* case stands as a momentous victory for advocates of the sanctity of life and underscores the inherent value and dignity of every human being. This decision represents a crucial stride towards establishing a society that upholds the rights and well-being of the most vulnerable among us.

“The *Dobbs* ruling provides us with the opportunity to demonstrate our unwavering determination to uphold life by enacting protective measures in our laws that safeguard the rights of the unborn,” stated Bob Ballinger, Director of Law and Policy for NACL. Ballinger went on

to say, “NACL is not letting this opportunity pass by. In fact, we have already adopted model legislation which protects life at conception - we hope to see the legislation adopted in several more states in future legislative sessions.”

“I am excited to be in Washington, D.C. with Students for Life to celebrate this milestone and challenge the nation to abolish abortion in every state across the country” said Jason Rapert the founder and president of NACL, and he further stated, “we embrace the opportunity to cultivate a culture that esteems and safeguards life at all stages, and to reaffirm our commitment to abolishing abortion which is a modern-day crime against humanity.”

While we rejoice at the overturning of *Roe v. Wade*, we cannot ignore the profound sorrow caused by the loss of countless lives to abortion since its legalization. Each life lost represents a unique and irreplaceable individual who was denied the chance to experience the wonders, challenges, and joys of existence. This profound loss resonates within our society, reminding us of the multitude of missed opportunities for love, growth, and contributions to our world.
