Where Does America Go From Here?

The impact of the midterm election and a call to repentance, fasting and prayer.

An Open Letter to American Citizens

From the desk of Jason Rapert, Founder & President
National Association of Christian Lawmakers

November 8, 2026

Our nation is in trouble. Our people are divided. Unrighteousness and sin abounds. The future of our nation is on the line. Where does America go from here? Now is the time for America to fast and pray for the future of our nation.

As founder and president of the National Association of Christian Lawmakers (NACL) and on behalf of our members and supporters in all 50 states, the NACL invites all Christians and Jews in the United States to join with our members in a holy fast, beginning Tuesday, November 10, 2026 and ending on Thursday, November 12, 2026. We call for a time of repentance, sincere prayer, deep personal reflection and focus upon God for three days in our nation. We need God to direct the affairs of our nation now more than ever. Just as God moved upon our founding fathers who articulated that we have God given rights in our Declaration of Independence in 1776, we need men and women of God to be leaders in our nation now more than ever.

The Bible articulates moments when a nation or culture began to turn away from God and the judgement of God would be unleashed or His hand of protection would be withdrawn. I believe that our nation has entered a period of time where the majority of people in our country have largely forgotten God and embrace sin that is in direct conflict with the holiness of God and His Word in the Bible. By our own decisions we are inviting calamity in our country and this could destroy our nation if we do not repent and turn back to God.

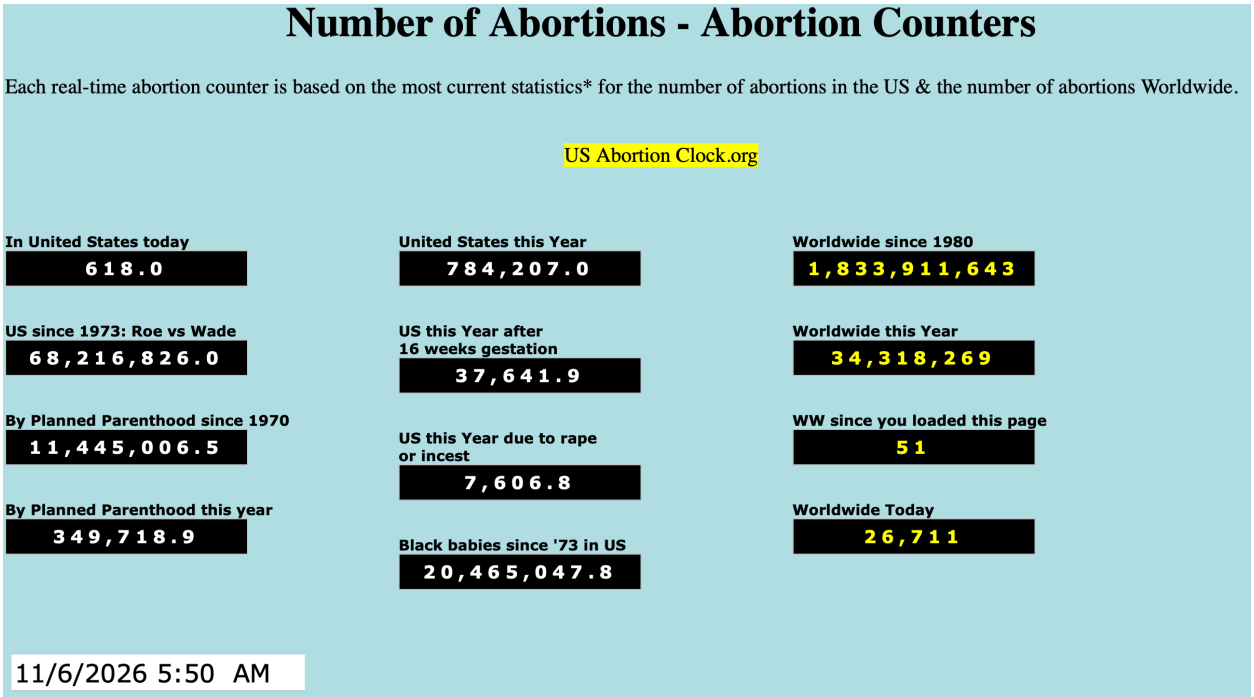

It is clearly written in the Book of Jeremiah that what God does is often impacted by the choices of people. This is instructive for our nation at this very hour.

Jeremiah 18:7-10
7 At what instant I shall speak concerning a nation, and concerning a kingdom, to pluck up, and to pull down, and to destroy it;
8 ***If that nation, against whom I have pronounced, turn from their evil, I will repent of the evil that I thought to do unto them.***
9 And at what instant I shall speak concerning a nation, and concerning a kingdom, to build and to plant it;
10 ***If it do evil in my sight, that it obey not my voice, then I will repent of the good, wherewith I said I would benefit them.***

Do not overlook the importance of what is written. God will intervene and stop bad things from happening in a nation if people in that nation will turn from their evil. He will also withdraw His blessing and allow evil to ensue if the people of a nation refuse to live holy and righteous lives allowing evil to flourish. By joining us in fasting and prayer for our nation we hope that millions of American citizens and their families will hear from God and choose to stand up and fight for what is right as never before. We must not lose the American Republic that our founding fathers gave to us. God does not need America, but America desperately needs God.

On Tuesday, November 3, 2026, our nation experienced an historic shift in political power as a result of the midterm election. When the Democrats who won in this election are sworn into office in January 2027 they have vowed to target Republicans and conservatives to punish them. The most radical democrats ever elected to office in our country will now have access to government information and the ability to make changes within our country in ways that have never happened before. They promise to continue the unholy and unrighteous agenda to undermine all of the American ideals that ordinary American citizens have come to believe in since the beginning of our nation.

They have vowed to make abortion legal in every state in the nation. This is a national sin that is continuing to kill millions of innocent babies in our nation. God clearly declares in Proverb 6:17 that He hates the hands of those who shed innocent blood. The ever growing record of death of innocent children through abortion in our nation and around the world is unconscionable. The fact remains that neither a majority of Democrats or Republicans at the federal level have taken

this matter seriously enough and abortions continue to kill the innocent around the country. Source: https://www.numberofabortions.com/

Democrats vow they will attempt to unwind our border protections and re-open our national borders to allow millions more people to enter America who want to pillage our nation's wealth and destroy the American Republic. Many of them have vowed to turn our nation into a socialist, marxist, and communist country. They will target churches, faith based organizations, synagogues and conservative leaders to silence them.

For the Christians who have been engaged, donated to good candidates, knocked on doors to support those candidates, and done all they can to encourage fellow Christians to vote - thank you and bless you for being a good example of a serious citizen who loves our nation. The Book of James says that faith without works is dead. Sadly, less evangelical Christians actually bothered to vote in the recent election than in 2024 and 2022. By some estimates there are 80 million Christians who are sitting on the sidelines in our country while Islamists, abortion zealots, Satanists, communists, socialists, marxists, antisemites, LGBTQ activists and anarchists work together to topple the United States of America. I refuse to believe that people who identify themselves as sincere Christians actually believe in the political viewpoints of the Democrat Party in our nation because those viewpoints by and large are the antithesis of what the Bible teaches. However, the apathy of Christians who are not performing their duty to be engaged and vote in our nation which is allowing ungodly people to be elected in our country is having the same result as being an enemy of God.

If America is going to survive we need repentance, revival and the restoration of our nation through the action of sincere Christians and Jews who want to see righteousness and holiness restored in our country.

Midterm Election Results

In an instant the Democrat Party orchestrated what is being called a "blue tsunami" in the United States. The Republican Party lost the majority in the U.S. House Of Representatives and the United States Senate. All statewide races in the states of Georgia and Texas were won by Democrat candidates and the House Of Representatives in both states had longstanding Republican majorities defeated. Democrats won races across the nation that they would have never been expected to win even one year ago.

As of November 6th, the following historic changes have been reported broadly:

1. **Federal power shifts to Democrats:** Republicans entered the election controlling Congress. Democrats won both the House and Senate, flipping at least seven Senate seats and more than two dozen House districts. A few races remain uncalled, so the final seat totals may change.

2. **Washington will have divided government:** When the new Congress takes office in January, a Republican president will face Democratic majorities in both chambers. That gives Democrats

greater power to shape legislation, conduct oversight and determine the Senate's response to nominations.

3. **Democrats gained governorships:** Democrats flipped governor's offices in Georgia, Iowa, Nevada, Ohio and Texas. The latest reported balance is 28 Democratic governors and 20 Republican governors, with two races still uncalled.

4. **State legislatures shifted toward Democrats:** As of November 5, Democrats had won 45 of the 88 legislative chambers on the ballot, Republicans 39, and one was controlled by a coalition or tie; three were still uncalled. Eleven chambers changed hands, all shifting to Democrats. Before the election, Republicans controlled 51 of those chambers and Democrats 34.

5. **More Democratic state governments:** Democrats gained full control of state government in Michigan, Minnesota, Nevada, Pennsylvania and Wisconsin. They also broke Republican trifectas in Georgia, Iowa, New Hampshire, Ohio and Texas.

6. **Overall picture:** The midterms produced a broad Democratic gain at both levels of government: Congress shifted from Republican to Democratic control, Democrats moved ahead in governorships, and Democratic candidates flipped numerous state legislative chambers. Some state and congressional results were still being counted as of November 6, so details remain subject to final certification.

From a spiritual perspective this election was disappointing like no other in American history with record numbers homosexuals, Muslims, and self described socialists elected to office around the country. Our nation now has our first openly gay man elected to the U.S. Senate from New Hampshire and the first Muslim man elected to the U.S. Senate from Michigan. With the election of Hindu believer Nithya Raman as mayor in Los Angeles we see a surge of socialism and communism in the United States as well. In a report by The Guardian on her mayoral victory it was stated, "The young progressive's victory means that the two largest cities in the US, as well the nation's capital, Washington DC, have now all elected democratic socialist mayors." Source: https://www.theguardian.com/us-news/2026/nov/05/who-is-nithya-raman-los-angeles-mayor

In reality, America lost on Tuesday regardless of what political party you align with. The election of some of the most radical politicians in our nation's history is a harbinger of very bad things to come.

In light of all this, I am reminded of Jonah's mission and call from God to go to Nineveh and preach to wicked people and call them to repentance. Jonah at first refused and we all know the story. Jonah was chastised by God and he was thrown into the sea and swallowed by a large fish where he remained for 3 days and 3 nights (Jonah Chapter 1).

When Nineveh was confronted by Jonah the people finally listened and repented, declaring a holy fast. Our nation is facing grave danger to our future right now as well. Our American way of life is in jeopardy. The very lives of our children and our grandchildren are truly at stake. Is it time we listen to God's prophetic voices in our country today and repent of our national sins? I believe it is.

The Tuesday following the attempted assassination of Donald J. Trump in Pennsylvania during the 2024 election I issued a call for Americans to join the NACL every Tuesday through election day to join us in a weekly day of fasting and prayer. The NACL has continued this practice every week now for over two years: https://christianlawmakers.com/weekly-prayer-call

As stated at the beginning of this message, I believe that now is the time for Americans to join together in a holy fast for the future of our country. Leaders of the NACL governing board and NACL chaplains feel moved that we must come together in fasting and prayer for our nation.

Fasting and Prayer

There are many online resources based upon Biblical instructions about fasting and prayer. One such article comes from :

"What do you do when the approaching consequences are not simply bad luck—but the result of what has been allowed to continue?

A marriage may be nearing collapse after years of dishonesty. A business may face ruin because harmful practices were ignored. A family may be fractured by anger, addiction or abuse. A church or community may finally be confronted with wrongdoing that has been excused for too long. In moments like these, sorrow can be sincere and still fall short. Feeling afraid of the consequences is not the same as turning away from the conduct that caused them.

Nineveh faced that moment when Jonah entered the city with a stark warning: "Forty more days and Nineveh will be overthrown" (Jonah 3:4). The people did not argue that they had been misunderstood, demand more time or treat fasting as a way to purchase their escape. They believed God, humbled themselves and cried out to Him. Crucially, the king commanded every person to "give up their evil ways and their violence" (Jonah 3:8). Their empty stomachs were meant to accompany changed lives.

The Nineveh fast therefore confronts us with a deeply practical question: when God exposes what is wrong, are we grieved by the sin itself—or only frightened by what it may cost us?

The Nineveh fast is the city-wide fast described in Jonah 3 after Jonah announced coming judgment. Its central lesson is not that an extreme fast earns mercy or guarantees that disaster will be reversed. Genuine repentance reaches beyond outward sorrow into humble prayer, changed conduct and a willingness to stop doing the harm we have finally been forced to see. The people could not demand mercy. Their hope rested entirely in the compassion of God: "Who knows? God may yet relent and with compassion turn from his fierce anger" (Jonah 3:9)."

You can read more on the Nineveh fast here:

A deeper dive into what happened this week spiritually should concern anyone who is praying for our nation to return to our Judeo-Christian roots and rebuild the moral foundations of our society. In many ways America is not unlike Nineveh and we are in need of immediate repentance. The election of so many people to office that support things clearly warned against in the Holy Bible is a troubling reality for our society.

The Sin of Sodom and Gomorrah

The Congressional Equality Caucus is celebrating publicly the "Gayest Congress in American History". Source: https://www.christianpost.com/news/equality-caucus-celebrates-gayest-congress-in-history.html

America seems to have forgotten Sodom and Gomorrah. I submit that our culture has actually grown even worse. Homosexuality is no longer a practice just among those who are atheists. Various church denominations have been hijacked by those who uplift the sin of sodomy and now even some pulpits in America are filled by openly gay men and women.

As sad as it is to admit, the Republican Party is also being hijacked in the same manner as woke churches with Republicans posting selfies of themselves with openly gay influencers. This

further alienates tens of millions of Christians who will not vote for the candidates of a political party that embrace what the Bible defines as sin. If the Republican Party does not wake up they will be totally hijacked by the LGBTQ movement just like some of the church denominations that first tolerated them and then were subdued by them.

Christians and Americans should heed the Biblical warnings about the practice of homosexuality. The Bible is clear in 1 Corinthians 6:9-10 "men who have sex with men" is mentioned in a direct list which characterizes those who will not inherit the kingdom of God. The Greek words Paul uses here have been debated, but the best scholarship indicates he refers to both the passive and active partners in male homosexual acts. Whether in Romans chapter 1 or other passages throughout the Bible, there is no ambiguity - sexual immorality including homosexuality is a mortal sin and those who engage in it will not inherit the kingdom of God. The Danger of Islam

Record numbers of Muslims were elected to office at all levels of government, including radical Democrat Muslim Abdul El-Sayed in Michigan to the U.S. Senate. In a report released by the Council on American-Islamic Relations (CAIR), a well known terrorist linked organization that was banned in Florida and Texas, they are proclaiming historic Islamic victories in the United States. In their report release publicly they proclaim:

"Today the Council on American-Islamic Relations (CAIR), the nation's largest Muslim civil rights and advocacy organization, and CAIR Action, the 501(c)4 political organization, released preliminary tracking results from the November 3 midterm elections showing at least 97 confirmed American Muslim electoral victories at the federal, state, and local levels across 21 states, including 38 state legislative wins.

Another 15 Muslims are leading in races that have not yet been called, six Muslim candidates are running in races that are too close to call, and 50 Muslim candidates ran in races they did not win.

The preliminary total sets a new midterm election record in CAIR's tracking, surpassing the 82 Muslim electoral victories reported in 2022 by 15, an increase of approximately 18 percent.

In total, CAIR and CAIR Action are tracking 168 American Muslim candidates who made it past their primaries and sought local, state, and federal office during the 2026 election cycle. Of those, 97 have won, 50 have lost, 15 are leading in races still being counted, and six are in races too close to call. CAIR and CAIR Action project that more than 100 American Muslims will have won or been reelected once all votes are counted."

They go on to report and declare the following list of Muslims who have now won elected office around the country:

"We congratulate the record number of American Muslims elected and reelected in these midterm elections, including our nation's first Muslim U.S. senator. With additional Muslim candidates leading in races still being counted, we expect more than 100 American Muslims will have won election or reelection to office once all races are decided. We thank every candidate who stepped forward to serve and every voter who helped make these historic gains possible.

“These victories are a powerful rebuke to the anti-Muslim smears directed at candidates and their communities throughout this campaign. Voters in Michigan, New Jersey, New York, and across the country placed their trust in Muslim candidates’ leadership, ideas, and commitment to public service. Their success affirms that American Muslims belong at every level of government.

“With these victories comes a responsibility to honor that trust. We call on all newly elected and reelected Muslim officials to draw on their faith and values to serve every constituent, defend civil rights for all, and advance justice at home and abroad.”

The following candidates represent confirmed 2026 election victories by American Muslims at the federal, state, and local levels. You must read them to understand the gravity of this development in our country:

Congressional Winners

Abdul El-Sayed, U.S. Senate (MI): first Muslim elected to the U.S. Senate

Adam Hamawy, U.S. House, 12th District (NJ): first Muslim to represent New Jersey in Congress

Has America really forgotten September 11, 2001 when the worst terrorist attack in American history was carried out by Muslim terrorists? Has America forgotten the many terrorist acts committed against innocent people in our nation and our the world by the jihadists? I believe they have. The Democrat Party ushered in more Muslims into our nation during the presidencies of Barack Hussein Obama and Joe Biden than at any other time in our history. Their work is part of the story of the 2026 midterm election and the conquest of New York City by Ugandan born Muslim and Marxist zealot Zohran Mamdani.

The greatest fallacy being spoken in our country today is that Islam is different than radical Islam. No it is not. In every nation where Muslims gain control, they end up persecuting and killing all those who refuse to surrender to Islam. Imams in America, Saudi Arabia, Iran, Syria, Nigeria and Egypt teach from the Quran and declare it is the will of Allah to kill Jews and Christians.

Islam teaches that all those who refuse to convert to Islam or pay the jizya (tax) will be killed. This is a blood cult based on the personality of the so called Prophet Mohammed who married a 6 year old girl and consummated their marriage when she was 9 years old. He was a pedophile. He killed every person who disagreed with his edicts and commanded his followers to do the same. Islam has been cloaked as a religion but it is indeed nothing more than a cult based upon the warped mind of a person in the same manner as Jim Jones and David Koresh. If America does not wake up we are going to fall prey to Islam just like every other country where they have entered and waged jihad throughout history.

The Middle East Forum reported in 2015 the facts and truth on Islamic treatment of non-Muslims:

"Muslim demands for non-Muslim "infidels" to pay jizya on pain of death are growing, even as the West fluctuates between having no clue what jizya is and thinking that jizya is an example of "tolerance" in Islam.

In the video where the Islamic State slaughters some 30 Christian Ethiopians in Libya last April, the spokesman repeatedly pointed out that payment of jizya (which the impoverished Ethiopian migrant workers could not render, nor the 21 Copts before them) is the only way for Christians around the world to safeguard their lives:

But whoever refuses [to pay jizya] will see nothing from us but the edge of a spear. The men will be killed and the children will be enslaved, and their wealth will be taken as booty. This is the judgment of Allah and His Messenger.

When the Islamic State invaded ancient Christian regions around the Ninevah Plain last June, it again declared: "We offer them [Assyrian Christians] three choices: Islam; the dhimma contract —involving payment of jizya; if they refuse this they will have nothing but the sword."

Palestinian preacher 'Issam Amira recently urged his followers to wage jihad against non-Muslims "when they refuse to convert to Islam or refuse to pay jizya."

The Islamic State—which most Western politicians ludicrously insist "has nothing to do with Islam"—is not alone in calling for jizya from Christian "infidels." In 2002, Saudi Sheikh Muhammad bin Abdul Rahman, discussing the Muslim prophet's prediction that Islam will eventually conquer Rome, said, "We will control the land of the Vatican; we will control Rome and introduce Islam in it. Yes, the Christians . . . will yet pay us the jizya, in humiliation, or they will convert to Islam."

And in a video recently posted, Sheikh 'Issam Amira appears giving a sermon in Al Aqsa Mosque where he laments that too many Muslims think jihad is only for defense against aggressors, when in fact Muslims are also obligated to wage offensive jihad against non-Muslims:

When you face your pagan enemy, call them—either to Islam, jizya, or seek Allah's help and fight them. Even if they do not fight [or initiate hostilities], fight them!... Fight them! When? When they fight you? No, when they refuse to convert to Islam or refuse to pay jizya.... Whether they like it or not, we will subjugate them to Allah's authority.

In short, if the Islamic State is enforcing jizya on "infidels," demands for its return are on the increase all around the Muslim world. Put differently, if Abu Shadi, an Egyptian Salafi leader, once declared that Egypt's Christians "must either convert to Islam, pay jizya, or prepare for war," Dr. Amani Tawfiq, a female professor at Egypt's Mansoura University, once said that "If Egypt wants to slowly but surely get out of its economic situation and address poverty in the country, the jizya has to be imposed on the Copts."

Every American elected official better learn the truth about the danger of Islam and it's incompatibility with Western Civilization right now. It is predicted many countries in Europe will totally fall to Islam very soon. They imported Muslims into their nation who have now begun openly persecuting Jews and Christians. Some say that Europe is too late to prevent the inevitable. I predict civil war will soon strike in some of those countries. And here we stand today in America electing Muslims who pray every day for Allah to conquer the world and establish a worldwide caliphate.

Our nation should never have allowed Islam to take root in our country. Every colony and state in our nation once required those running for public office to be Christians or as in one state to declare a belief in God. The Pilgrims literally fled Europe and came to America so that they could establish a new land where they could practice Christianity free from persecution. Now modern day America has diluted their original intent and we are now faced with a serious enemy within.

The Sin of Abortion

I cannot end this message without mentioning the sin of abortion once again. The state of Virginia just codified abortion right up until birth in their state constitution. Missouri voters rejected an effort to remove abortion as a right in their own constitution which was codified two years ago. Several other states have codified abortion in state law or their state constitutions recently as well.

In 2022, Roe v. Wade was overturned and states were told it was our decision to allow abortion or not. Many states like Arkansas, Texas, Mississippi, South Carolina and others outlawed abortions. But the Biden administration implemented a new rule at the FDA allowing abortion pills to be trafficked across state lines and now many state laws banning abortions are being totally undermined.

Republicans have historically championed the Pro-life cause at the federal and state level. Would it surprise you to know that the Trump administration has failed to rescind the Biden rule allowing abortion pills to be trafficked across state lines and we are now having MORE abortions in our nation than even before the overturn of Roe v. Wade? It is true. The NACL declares clearly our stance on abortion and the immediate need to stop all abortions in our nation from the moment of conception.

I submit once again to everyone that God is clear in Proverbs 6:17 - God hates the hands of those that shed innocent blood.

Where Do We Go From Here?

There are many opinions about the state of our American Republic and the historic impact of our nation now giving power to people who do not truly believe in the U.S. Constitution. I have written more than I intended and have not even scratched the surface of the deep troubles we face in our country. But even without listing all of the problems, **you all know in your soul that America is in deep trouble**. It can be argued that in some ways we are experiencing God's judgement because we have refused his direction and chastisement. Now we are reaping the harvest of decades of bad decisions.

The Bible says people perish for lack of knowledge and on this issue alone we are in danger of perishing in the United States.

Hosea 4:6
"My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children."

I do not want God to forget our children. If we do not heed His warning in Scripture we risk that happening. Though many politicians make promises and break them, God NEVER breaks his covenants or promises.

As I close this letter, I humbly plead with you and the United States of America to stop, repent and turn back to God. Join with the NACL this week as we fast and pray for the future of our nation.

For those who are moved by this message and want to join in unity with other Christians who are dedicated to saving our nation, we invite you to join the NACL and come to Washington, D.C., December 7-8, 2026, where we will be convening our annual meeting. We want every elected official, pastor, ministers of the gospel and every citizen who is ready to work to rebuild our country to come together for prayer, worship, discussion, debate and consensus on strategies we must implement to save the United States of America. You can register here today: https://christianlawmakers.com/2026-annual-meeting-gala

I am disappointed about where we are at as a nation at the moment, but I have faith that God will respond to our people if we will seek Him. The choice is ours to make. Come join us as we seek God's wisdom and the power of God to move the mountains in our nation that are causing us to stumble. We have FAITH that we will be successful.

Mark 11:22-24
22 And Jesus answering saith unto them, Have faith in God.
23 For verily I say unto you, That whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith.
24 Therefore I say unto you, What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them.

His servant,
