

SABRINA DEJOANNIS

SCHOOL COMMITTEE

APPROACHABLE BRIDGE BUILDER CONNECTOR

Waltham is a great city with citizens committed to building a better community. Together we can leverage all the resources the city has to offer so ALL OF OUR CHILDREN can begin their education with the same solid foundation. We can raise expectations and hold everyone accountable in preparing them to be responsible future citizens who take pride in themselves and their community.

I respectfully ask you for your vote and support to energize this grassroots campaign for our children's education and their future.

As School Committee Member, I Will

- Ensure ALL students have the tools to be successful in our changing world
- Ensure our teachers have the resources to be the best role models to educate our children.
- Engage with all stakeholders in our community.
- Set high expectations for our students, staff, and community.
- Advocate for a full-day, universal Pre-K to benefit our children's academic and social-emotional success.
- Promote accountability and stability in our curriculum and leadership
- Strengthen and grow our Career and Technical Education through community partnerships.
- Focus on attracting and retaining talented educators by improving work environment, support, and providing necessary professional development.
- Support Waltham's outstanding fine and performing arts programs and increase accessibility of these programs to ALL students.

About Sabrina DeJoannis

Sabrina and husband Jason moved to Waltham to start a family. Their daughters are primary school students at Waltham Dual Language: Purnima is entering 5th grade and Aunamika 1st grade. She has experience as PTO president, on the WPS Strategic Planning Committee and treasurer of the Friends of the Waltham Public Library and helped start a group supporting the arts. Sabrina studied engineering at WPI, earned graduate degrees in management and finance and has professional experience in the power industry.
