## Medicare Part B

There is a special rule for Social Security recipients, called the “hold harmless rule,” that ensures that Social Security benefits will not decline from one year to the next because of increases in Medicare Part B premiums. Whether this rule comes into play in a particular year depends on the amount of COLA and the Medicare Part B premium increase. The hold harmless rule will apply in 2026 for those people who had been paying the standard Part B premium if their Medicare Part B premium increased but the Social Security COLA amount was not large enough to cover the full amount of their increased premium. Those who are subject to the 2026 hold harmless rule will pay less than the full \$202.90 premium. Everyone else will pay the 2026 not held harmless premium. The MAGI used for the 2026 not held harmless premiums is based on the individual’s 2024 tax return.

Modified adjusted gross income (MAGI) 2024 tax year	2026 held harmless (HH)	2026 not held harmless	Premium level
Individual ≤\$109,000 Married, filing jointly ≤\$218,000	< \$202.90	\$202.90	Standard premium
Individual >\$109,000-\$137,000 Married, filing jointly >\$218,000-\$274,000		\$284.10	1.4 × standard
Individual >\$137,000-\$171,000 Married, filing jointly >\$274,000-\$342,000		\$405.80	2.0 × standard
Individual >\$171,000-\$205,000 Married, filing jointly >\$342,000-\$410,000		\$527.50	2.6 × standard
Individual >\$205,000-\$500,000 Married, filing jointly >\$410,000-\$750,000		\$649.20	3.2 × standard
Individual >\$500,000 Married, filing jointly >\$750,000		\$689.90	3.4 × standard

Centers for Medicare and Medicaid Services, 2026 Medicare Parts A & B Premiums and Deductibles, November 14, 2025.

2026 held harmless premium consists of: 2025 premium amount + the increase amount, if any, of their Social Security benefit due to the 2.8% COLA for 2026 (capped at \$202.90).

## Medicare income brackets for determining monthly premiums

Higher-income Medicare beneficiaries have been paying more for their Medicare Part B and Part D coverage for several years in the form of income-related monthly adjustment amounts. The 2024 tax return will be used to set those 2026 income-related monthly adjustment accounts (IRMAA) payments using this new tiered system to determine Medicare Part B premiums.

## Starting 2025: \$2,000 cap on covered Part D drugs

Starting in 2025 and beyond, all Medicare Part D drug plans will include a \$2,000 cap on what you pay out-of-pocket for prescription drugs covered by your plan. If your out-of-pocket spending on covered drugs reaches \$2,000, you'll automatically receive "catastrophic coverage." Be sure to check with your plan for further details.

## Medicare Part D prescription benefits

Modified adjusted gross income (MAGI) 2024 tax year	PART D 2026 monthly premium
Individual ≤\$109,000 Married couple ≤\$218,000	Plan premium
Individual >\$109,000-\$137,000 Married couple >\$218,000-\$274,000	\$14.50 + plan premium
Individual >\$137,000-\$171,000 Married couple >\$274,000-\$342,000	\$37.50 + plan premium
Individual >\$171,000-\$205,000 Married couple >\$342,000-\$410,000	\$60.40 + plan premium
Individual >\$205,000-\$500,000 Married couple >\$410,000-\$750,000	\$83.30+ plan premium
Individual >\$500,000 Married couple >\$750,000	\$91.00 + plan premium

**NOTE:** Some prescription drug plans have different levels or “tiers” of copayments, with different costs for different types of drugs.

Average monthly premium, deductible, and/or coinsurance varies by plan.

Please note the hold harmless rule does not apply to Medicare Part D premiums for prescription drugs.
