Senior Care Sales Solutions Academy

- **Identifying & Cultivating Referral Sources and Attracting New Clients and Converting**
 - Senior Care companies can face significant hurdles in this area. These hurdles often stem from a lack of experience especially in marketing techniques and lead generation which is directly related to insufficient training and reinforcement as well as a lack of ongoing strategy, easily implemented tactics, and accountability.
- **Senior Care companies are unique in that there are two customers: the referral source and the actual prospect needing services.**
 - There is a wheelhouse of potential referral sources for these professionals, and it is important to know what is distinctly important to each and how to approach a zeroed in targeting method. During this training program you will learn about all the types of referral sources and what is important to each type of referral source not only from your instructor, but specifically from referral sources, “subject matter experts.”
- **Having this knowledge will accelerate your ability to successfully create collaborative partnerships with referral sources, your aptitude for holistically supporting Elders, and your overall success as a Senior Care Professional.**
 - We live in a time where there are 55 million people that are aged 65 + and this number is set to increase to 70 million in the next 10 years. Your role is of utmost importance to our Nations’ Elders, their families, and their advisors.

Expert Funding Solutions Panel Alternative, Private-Pay Solutions for LTC

Long Term Care is a reality that everyone will eventually confront—either for themselves, a loved one, or both. Unfortunately, Long Term Care is a topic that people avoid and don't understand until one day a crisis throws them into a world for which most people are completely unprepared. Compounding the situation is the fact that most people don't think about how they will pay for care until they are confronted by a serious health situation for themselves or a loved one. Fortunately, there are a number of financial solutions available to seniors and their families that can help them address an immediate need to pay for care, despite not adequately planning. Agents and Advisors should be aware of these financial solutions, and how they can help families access them to pay for senior living and long-term care.

What are some of today's alternative options for private pay funding of long-term care?

LTC-Life Settlements to pay for Long-Term Care Benefit--A Life Settlement can be used to fund a Long-Term Care Benefit Plan which is similar to an HSA, Health Savings Plan. This LTC benefit Plan is an irrevocable Bank Account that is professionally administered with payments made monthly to long-term care providers. Policy owners that use a life settlement to enroll in the Benefit Plan are able to immediately direct tax-exempt payments to cover their senior housing and long-term care costs.

Veteran's Aide & Attendance Benefit—Veterans of active combat duty and/or their spouses are eligible to receive upwards of \$2,000 per month paid directly towards qualifying long term care service. Like Medicaid, the applicant must meet both medical necessity and income/asset level requirements.

Reverse Mortgage—Homeowners with little to no remaining mortgage balance that are age 62 or older can qualify to take a HUD backed loan against the home. To qualify the home must still be the primary residence and the loan must be paid back with interest and fees after the homeowner dies (typically through the sale of the property).

Annuities—There are a variety of annuities that can be used to secure money and guarantee a lifetime income stream specifically to pay for LTC on very tax-favorable conditions.

Senior Living Loans—Loans that can be secured specifically to pay for long term care services. These loans are unsecured by collateral and instead are guaranteed by family members (one or more). Interest rates are similar to a credit card.

The key to successfully navigating any care situation is to understand your financial options and understand what is available that can help people address a sudden and immediate need for care.

Senior Care Sales Solutions Academy Testimonials

“Connect Our Elders is a wonderful organization Sarah is building. It is based on creative yet proven solutions. I’ve been watching and participating in Sarah Barker’s webinars for a long while. Therefore, I registered for her Connect Forward Training: “Senior Care Sales Solutions Academy” which was intense and covered a ton of material quickly. Sarah brought in the best Subject Matter Experts; people who have real heart for their profession as well as very high ethical standards. She paints a vision and helps the participants paint their own visions of how to properly build business for the long term, make a difference, and convert to a mindset. This is a mindset which understands what it really takes to properly serve as well as respect our elders and individuals who require excellent care management, homecare, and other related needs. We are the frontline and therefore usually the very first point of contact when a whole new paradigm of achieving life’s goals hits a family. Sarah demonstrates doing what everyone else does might barely function, but it isn’t the level of professionalism our clients, prospective clients, families, and referral partners call us to and even will demand for the long haul. Sarah is an excellent person to work with and a true professional.”

"I'm so happy that I made the trip although it was a short visit, I would've liked to see more of San Diego, I was thrilled to be able to learn so much that I can use from your training. Now we have a system to go back and easily set up to help our marketers close our back door, organize and professionalize our intakes and identify our strongest referral sources and focus on gaining more referrals from them. The work that you have put into these training modules is immense! Chock full of golden nuggets. And the speakers were amazing! I've walked away with so much that will set us up for more success, more connections and more revenue and it couldn't have come at a better time with our growth into Charleston, SC."

"Highly recommended!!! I've been in the industry for 17+ years. I love my job, but I started to get that feeling of "being stuck". With Sarah's academy, I got a boost of confidence and motivation. Now my WHY feels solid again, I can see things with a different perspective which will allow me to provide the best possible service for my referral sources and clients. If you're a Home Care Owner, send ALL your office staff to Sarah's Solutions Academy."

Senior Care Sales Solutions Academy Testimonials

"Sarah Barker is a standout in her profession. Her Connect Forward Training Program has not only taken our business to another level of growth but has really shaped the way our staff has been able to drive business through developing solid, meaningful relationships. She's not afraid to get into the nitty-gritty and talk about what's standing in peoples' way of success. I have worked with Sarah in numerous capacities and her heart for helping others succeed is one of the reasons I keep her on as a trainer/consultant for my company. She believes in empowering others to be successful, and I would say she firmly believes the only way to help each other achieve is by lifting each other up. Her program is unique in that it is designed specifically for care managers looking to grow their client base as well as home care organizations and senior placement agents."

"If you are a home care owner or senior care expert, you must attend this conference. This lady is one of the few who understand marketing healthcare with experience, extensive knowledge and heart. Compassion drives people who choose the path of healthcare and in marketing it can seem counterintuitive, but Sarah makes it easy for marketers to know that marketing your health care business helps those who need it and are better for it."

"I highly encourage anyone in home care with a desire to further their elder care advisor or business development skills to attend future academies with Sarah Barker. We learned so much that will propel Clear Path Home Care forward to help so many more individuals and families age in place successfully. Thank you, Sarah, for your knowledge, skill, and educational leadership!"

"I have known Sarah for years. She is an innovative and highly creative sales and marketing expert with deep domain experience in the Care industry. When we worked together, I came to see her dedication and her creative ability to work with clients with differing needs. Now as a consultant, she has broadened her skills to enhance brand and sales capabilities for her clients. I continue to be impressed at her focus and humility - and her willingness to work through problems and find terrific solutions. She is really one of the best."

Senior Care Sales Solutions Academy Testimonials

"I attended the Senior Care Sales Solutions Academy. I have been in the healthcare industry, previously (hospital admin), moved into Higher Ed for the last 8 years and am now back into the healthcare world, in Home Care. To say I was excited to learn from this experience is an understatement, however I walked away with a head full of knowledge, heart full of compassion from the experiences that were shared around the table and a soul even more on fire to help our aging population. I learned things that I am implementing into my conversations and my actions daily. This academy is set up in an intimate setting with each class being small and literally sitting around the table together, listening to the highly accredited guest speakers from different areas of Home Care and elderly care solutions. The back-and-forth conversations, the question-and-answer sessions, the in-depth collaboration that takes place during the class is worth more than you could ever pay and receive in just a monetary transaction. This was such a unique and fulfilling experience that it should be on the list of every Home Care owner's, every Senior Care company's agenda and yearly budget to send their employees and themselves to. It's part education, part humbling and part gospel, you will leave feeling like you got a Masters degree in Senior Care Sales Solutions and attended a tent revival at the same time, that's how on fire you will feel leaving.

"Sarah provided me with the Eldercare background and training that I needed to feel confident conversing with clients and their families, referral sources, and other key personnel. It helped me accelerate my sales right out of the gate!

"Sarah Barker's experience & perspective she brings to any challenge, is the SPECIAL SAUCE that will bring you and your team's sales productivity to next level greatness. As a seasoned sales professional who's had the pleasure of serving our senior population for over 25 years, I found Sarah's approach to my personal sales growth to be unique, extremely helpful and motivating. Yes, you CAN teach an old dog new tricks, and Sarah has the unique skill set to help you realize it. I feel so blessed to have met Sarah and count her now as a trusted friend and colleague. I highly recommend Sarah as both a stellar human being as well as an excellent sales trainer from whom you & your team will glean much knowledge!"-

Senior Care Sales Solutions Academy Testimonials

"We (my Sales Director & I) had the privilege of attending the Senior Care Sales Solutions Academy in Georgia. It was a full class, with attendees from all around the US. It was a very engaging & energetic mixed class of both Owners & sales/marketers. I have attended many sales classes over the years & they are usually a 'top of the trees' view & perspective of ideas, how to's, forms, questions & answers, previous experience, etc. However, this was NOT that class. This was a hands on, deep dive with SME's relative to the class & how to apply the techniques, the info. It was one of the most comprehensive classes in sales/marketing that generated amazing dialogue, discussion on real & practical solutions & created an energy & enthusiasm from the professionals in the room. Thank you, Sarah, for all your efforts, the SME's that you brought in, all the data & materials you provided & the amazing class that was there. If you or your team have the chance to attend one of Sarah's classes, I would highly recommend it. The knowledge you will gain & the opportunity to grow personally & professionally is totally worth the investment. Thank you! Thank you!"

I was so impressed with Sarah and her presentation. The material provided a wide range of information and included industry specialists from each field. The program allowed for attendees to have open discussions on their experience and challenges within their territory as well. We all came away feeling refreshed and feeling like we learned information that could be helpful as we build our companies.

It was two days chock full of stimulating conversations and creative and insightful strategies, solutions, and tools. Sarah and her group of guest field experts listen as much as they engage. The experience and expertise levels are clear. I found the binder of handouts more than useful. The course was well organized and structured which made the days fly by. I highly recommend the optional dinner if able. It was an amazing space and time to network and unwind with Sarah and the other attendees. I'm certain my experience was elevated by my entire team being present, I'd recommend it as a shared experience if able. Senior Care Sales Solutions Academy Testimonials

Where do I begin? Suppose you are new to the senior care industry, responsible for managing a team in this space, or are already working in senior care and merely want to brush up on your knowledge. In any case, you NEED to sign up for the Senior Care Sales Solutions Academy. As someone with ZERO industry-specific experience, the academy has been vital to my ability to confidently do my job, despite being less than 2 months into the role. Sarah's knowledge and experience, coupled with the broad range of presenters and guest speakers that were brought in, allowed for a well-rounded and holistic learning experience. Plus, the fact that Sarah makes herself readily available to her students only furthers your confidence and comfort in learning new materials. 10/10 Highly Recommended!

I've worked in the home care industry for nearly two decades, running my own business for 11 of those years. I was on the verge of shutting down and taking a break, but Sarah Barker and her Sales Academy training reignited my passion and purpose. Her unique and innovative approach to sales training is unlike anything I've encountered before. After the training, I was inspired to start anew and promptly hired two new business developers. I'm proud to share that within the first month, one of our business developers, who had no prior experience in home care, successfully implemented Sarah's strategies and secured her first case, which was a 24/7 case. I've since put five of my staff members through her trainings. Sarah's methods are effective! Whether you're a newcomer to home care or someone like me who has been feeling burnt out and defeated, Sarah has the ability to reignite that spark. Honestly, if it weren't for her training, I might have shut down my business. A mere thank you doesn't suffice. Sarah, you've recharged all of us at United Care - we all feel profoundly grateful to you.

Sarah hosted a Senior Care Sales Solutions course on 4/11 & 4/12 2024 at the Elks Lodge in West Palm Beach, this Academy is amazing. Sarah and Welcome Back Home Care also have marketing calls with Sarah on a weekly basis and see huge value since we started working together.

Senior Care Sales Solutions Academy Testimonials

Sarah's years of experience shines throughout her entire training. Sarah uses real world experience and adds a tremendous amount of value to her trainings. I was fortunate to take her Senior Care Sales Solutions Academy in person in San Diego. Not only did I walk away motivated to get back to work, but I was also inspired to help families. Sarah's true passion shows as she is always looking for ways to improve and serve the public. I would definitely recommend her services to anyone looking for guidance and/or a sense of direction

Sarah is one of a kind! She takes her knowledge & expertise then shares it with everyone without holding back. I've had the pleasure of not only working with her but seeing her grow personally and professionally over the years. She is smart, kind, personal, attentive and accountable! Sarah is full of integrity and is passionate to see not only seniors, but people get the help and care they deserve. I have seen her give all she has to whatever she is putting her hand to. She is a connector of people to people and people to resources that benefit them. If you haven't had the pleasure of working with or partnering with Sarah in some capacity, don't miss the opportunity to do so! To summarize - I not only recommend Sarah, I think you'd be foolish not to take time to know her and/or work with her. 🙌

After being in this industry for nearly a decade, it is always fascinating to realize how much there is still to learn. I was fortunate enough to attend Sarah's workshop and I'm so glad I did. She is extremely professional and knowledgeable. After the two days I was shocked about how much I was able to get from her course. I highly recommend attending Sarah's training whether you've been in this industry for 20 years or 20 days. Well worth the investment!

Senior Care Sales Solutions Academy Testimonials

Sarah is wonderful. She has a heart for SERVING seniors and helping agencies do the same. I have known Sarah for a while, and she really gets it. She takes the time to really know each person she interacts with on a personal level. She has the knowledge and expertise in this industry to help move your agency towards growth. I highly recommend attending one of her Sales Academies (or invite her to your state to have one of your own) to hear and learn how to make you and your agency grow and thrive. Not only is she great with her knowledge about sales but she is also genuine person that cares deeply for those she works with. In the busy industry of Home Care, she is one of the best out there! Keep it up Sarah!

Sarah led a training I attended a couple of weeks ago. I am very new to my position, so naturally, I was the shyest person in the room... I had many feelings of inadequacy as I stepped into the training that morning. There were so many people that had so many amazing experiences in the room. It all was a little overwhelming as I sat down. Sarah immediately made me feel seen and heard as she began her first seminar. I remember her saying that the most approachable people will always sit toward the back of the room. When I spoke out loud, she gave me kind feedback and made me feel like I truly can do this! I walked into the training nervous and unsure of my capabilities and walked out of training feeling empowered and hopeful for my future as a home care consultant. I didn't realize at the time that I already possessed the qualities needed to succeed in my field. Through this training, I came to the realization that I might just be the perfect person for this position after all... Sarah gave me the tools and encouragement I needed to hit the ground running once I returned to work. I could not recommend her enough!!

Sarah was a standout speaker at our annual franchise meeting, so I knew I wanted to work with her to develop my brand and operate efficiently as a marketer/owner. She has already exceeded my expectations in terms of support, resources, ideas, feedback, and we've only just begun. I get the sense that she genuinely cares about my success. I think anyone regardless of where they are with their brand development and marketing confidence would benefit from her coaching. Highly recommend!

Her dedication to ensuring every participant grasped the material was evident in her personalized feedback and the tailored support she provided throughout the program. Her passion for sales and commitment to our success created an environment that was both supportive and motivating.

The knowledge and skills I gained from Sarah's Academy have been invaluable, equipping me with the tools needed to excel in my sales career. I wholeheartedly recommend the Senior Care Sales Solutions Academy to anyone looking to elevate their sales skills under the guidance of a truly outstanding mentor!!!
