Building Permit Instructions

This application must be completed electronically, typed, or in ink. Incomplete submissions will not be reviewed.

1. Building permits shall be required for work which must conform to the Uniform Code. The following categories of work **may be excluded** from the requirement for a building permit
 - **Residential accessory buildings** used for tool and storage sheds, playhouses or similar uses, provided the gross floor area does not exceed 144 square feet (13.88m²);
 - Installation of swings and other **playground equipment** associated with a one- or two-family dwelling or multiple single-family dwellings (townhouses);
 - Installation of swimming pools associated with a one- or two-family dwelling or multiple single-family dwellings (townhouses) where such pools are designed for a water depth of less than 24 inches and are installed entirely above ground;
 - Installation of **fences** which are not part of an enclosure surrounding a swimming pool;
 - Construction of **retaining walls** unless such walls support a surcharge or impound Class I, II or IIIA liquids;
 - Installation of **window awnings** supported by an exterior wall of a one-or two- family dwelling or multiple single-family dwellings (townhouses);
 - Painting, wallpapering, tiling, carpeting, or other similar **finish work**;
 - Installation of **listed portable** electrical, plumbing, heating, ventilation or cooling equipment or appliances;
 - **Replacement of any equipment** provided the replacement does not alter the equipment's listing or render it inconsistent with the equipment's original specifications; and
 - **Repairs**, provided that such repairs do not involve:
 - the removal or cutting away of a loadbearing wall, partition, or portion thereof, or of any structural beam or load bearing component;
 - the removal or change of any required means of egress, or the rearrangement of parts of a structure in a manner which affects egress;
 - the enlargement, alteration, replacement or relocation of any building system;
 - the removal from service of all or part of a fire protection system for any period of time.
2. Applications must include a **properly dimensioned plot plan or sketch, drawn to scale**. The plot plan must show the road on which the property abuts, dimensions of the lot, location and size of the new construction, all setbacks relating to the proposed structure and names of adjacent property owners (when applicable)
3. Any applicant who has begun work prior to the posting of approved permit(s) **may be subject to fines, removal or demolition**.
4. Call **UDig NY** (811) prior to any excavation. For more information, visit <https://udigny.org/>.

5. The following information is required to process an application:

- Property owner information;
- Location (address) of the project;
- Size of the lot/parcel;
- Contractor information (*including proof of Worker's Compensation insurance coverage*)
- Estimated cost of construction;
- Deed restrictions (a copy of the deed must be included);
 - To search for your deed, please contact the Essex County Clerk's office or use their on-line document search:
- Other agency approval/jurisdiction (e.g. Adirondack Park Agency, Department of Health, etc.)
If unknown, please consult the Code Enforcement Official.
