**For Immediate Release**

**“Statement on the Firing of City Librarian, Teresa Potter”**

**League City, Texas December 14th, 2023-** I regret to inform you that as of today, December 14, our dedicated City Librarian, Teresa Potter, has been unexpectedly let go. This decision threatens the foundation of our community's intellectual hub.

I intend to investigate this and find out why Teresa Potter, a champion and leader of our award-winning library, was let go.

As I learn evidence-based details, I will share them.

I do not support this decision.

The citizens of League City should not allow an injustice such as this to stand.
