

# DR. SHAHIR MASRI

ENVIRONMENTAL SCIENTIST  
AUTHOR  
PUBLIC SPEAKER

## SPEAKER TESTIMONIALS

*"Dr. Masri's climate change presentation was direct, clear, and engaging. Our students were excited, hopeful, and ready to take action after listening to him. I would wholeheartedly recommend Dr. Masri to anyone considering hosting an expert who can break down the climate science in a way that is easy to follow, yet compelling enough to make you take action."*

-Juan Sanchez  
Direct of Education for Sustainability, The Thacher School

*"Dr. Masri brings outstanding training and expertise, and excellent communication skills, to a wide range of environmental issues, including climate change."*

-Dr. Arthur Winer  
Professor Emeritus, University of California, Los Angeles

*"Dr. Masri is an intelligent, educated and informed expert on the critical need to take action to avert massive devastation to the global environment. His committed work on behalf of sustainability is inspiring and gives hope that we, humans, can still make a difference."*

-Dr. Susan Chamberlain  
President of OC Interfaith Coalition for the Environment

*Dr. Shahir Masri is making a ground level impact that is rising to the highest levels of social change."*

-Frank Lane  
Executive Director, UnitedVegan.org

*"There are many scientists who get climate change and understand the dire consequences we face if we don't act, but most scientists don't carry the message to the public. Dr. Masri, like James Hansen and Michael Mann, is doing the right thing. He is using his knowledge, energy and creativity to go beyond the ivy-covered university walls and work for needed change."*

-Mark Tabbert  
Governing Board of Citizens' Climate Education

*"Dr. Masri's presentation was distilled down to a level we can all understand. His non-partisan explanation of the problem and solutions makes the audience walk away feeling empowered."*

-Pam Kamps  
Program Chair, Women's Democratic Club of Newport Beach
