BOWLARAMA

Bro. Gabe Zsigo says—"We hope you all had a good time at the Bowlarama Party. I wish to thank Ed. Zarn, Sr., Ed. Zarn, Jr., and Pat Sutton for working so hard throughout the whole evening taking care of everyone. Come again next year."

OFFICERS AND 6-POINT CHAIRMEN

A reminder—please fill out questionnaire sent you and return to your Editor as soon as possible. This information is desired for publication in either the 19th or 20th issue of the paper.

KNIGHTS OF COLUMBUS STATE OUTING

All plans and preparations for the K. of C. State Family Outing have been completed and it now looks like it will be bigger and better than ever.

THE DATE: June 26-27-28.
THE PLACE: Cedar Point on Lake Erie.
The program this year is designed for the entire family, three days of fun in the sun, with special emphasis being given to Teen-Agers.

A special rate for a Teen-Age package deal is being offered with a "COKE TAIL" party and dance on the Patio Terrace, on Saturday afternoon, June 27th.

Check-in time for the Hotel on the three-day package deal is one o'clock on Friday, June 26th, and the evening Get-Acquainted Party will be held downstairs in the Main Ballroom.

Saturday afternoon the Coral Dining Room Buffet will be served and in the evening there will be dancing to Al Sarfriti and his band in the Grand Ballroom. An added attraction will be the Four Freshmen. Need more be said!

FIFTH ANNUAL PICNIC

Will be held at Melody Grove, 38495 Sugar Ridge Road, North Ridgeville, Ohio, on SUNDAY, JUNE 14th, 1964, from 12 noon to 7:00 P.M. Bring your own picnic lunch.

Refreshments will be available. Donation will be \$1 per family and picnic is open to all members, their family and friends.

Melody Grove has a covered pavilion, outdoor grills, picnic tables, baseball diamonds and children's play-ground. FREE pony rides will be available for all children, in addition to planned games and prizes for both children and adults.

COME ONE, come all, bring your family and friends and have a good time.

TWO (2) MORE ISSUES

After this issue of the Narrator, which is number 18 for the year, your Editor will only have two (2) more issues to publish, No. 19 and 20.

By that time, your new officers will have been elected and in office and no doubt a new Editor will have been chosen to take over the publication of the paper.

CHAPLAIN'S NIGHT

Thirty members were present at this affair, where the Speaker and Master of Ceremonies, P.G.K. Ben Lyons, did a remarkable job of extolling the virtues of our most beloved Chaplain and Spiritual Leader, Rev. Joseph F. Wagner.

G.K. Bill Bonner made the presentation speech in behalf of Program Chairman Ben Lyons who retired temporarily from the council chambers to bring in the gift—a token of the most esteemed admiration and appreciation which the council members have towards our Chaplain. The gift was a light tan leather golf bag.

As Father Wagner stated in his acceptance speech, this helped to fulfill the other part of his life—playing golf.

TIME TEST

(Time Limit: 3 minutes)

"CAN YOU FOLLOW DIRECTIONS"

1. Read everything before doing anything.
2. Put your name in the upper right hand corner of this paper.
3. Circle the word "Name" in sentence two.
4. Draw five small squares in the upper left hand corner of this paper.
5. Put an "X" in each square.
6. Put a circle around each square.
7. Sign your name under the title of this paper.
8. After the title write "Yes, Yes, Yes."
9. Put a circle around sentence number seven.
10. Put an "X" in the lower left hand corner of this paper.
11. Draw a triangle around the "x" you just put down.
12. On the reverse side of this paper, multiply 703 by 666.
13. Draw a rectangle around the word "paper" in sentence number four.
14. Call out your first name when you get to this point in the test.
15. If you think you have followed directions carefully to this point call out—"I have!"
16. On the reverse side of this paper add 8950 and 9805.
17. If you are the first person to get this far, yell out, "I am the first person to this spot and I am the leader in following directions."
18. Put a circle around your answer to number sixteen.
19. Count out loud in your normal speaking voice from ten to one backwards.
20. Draw a simple sketch of your instructor on the reverse side of this paper.
21. Punch three small holes in the top of this paper.
22. Underline all even numbers written as figures, not words on this side of the page.
23. Put a square around every number which is written out on this paper.
24. Say out loud, "I am nearly finished. I have followed directions."
25. Now that you have finished reading carefully, do only sentence one and two.

YOUR FIGURE

A noted scientist has worked out a formula to determine a quick way to find out whether you are too fat.

Calculate your height in inches, then subtract your waistline measurement. A difference of 36 is normal, 38 indicates a tendency toward leanness, and 33 or less indicates obesity (fat).

Men should use this formula with their shoes on and women with their shoes off. Also, for women it should be done with girdles off and exchanging their breath.
Try it—it works. I know!

Two-year-old car or 20-25,000 miles — The cream of the crop, and may require little or no further expense. If the car has not been maintained properly and regularly you may have to spend \$50 to bring maintenance up to date (ignition points, plugs, oil filter, transmission adjustment, brake inspection, radiator connections, etc.). If the two-year-old car has 35,000 miles you might have to expect a brake re-thing job soon at up to \$100.

Three years or 35,000 miles — Not much change here, except you can figure \$100 if the car has not been regularly maintained. Tires will be involved here, probably; either they've been replaced (their cost added to car) or will need replacing.

Four years or 40,000 miles—Normal wear may mean brakes need attention at \$30-\$50.

Five years or 50,000 miles—Many cars need a valve job at this point (\$50-\$80). Other repairs that may be coming up: radiator, \$25; starter and generator, \$20 each; clutch repairs, up to \$50; automatic transmission, \$100-\$250 and higher. In areas where road salts are used, many at this age will have body rust; cost of repairs depends on extent of damage. In some cases minor rust damage has been patched.

Beyond five years, used cars become more and more of a gamble, and their treatment by previous owner or owners more important. There are excellent cars that have been well-maintained and driven, and there are many worn-out clunkers.

Six to seven years, 60-70,000 miles—Some cars need complete motor overhauls at this point involving rings, bearings, and valves, costing \$300-\$450. Rear wheel bearings and seals may need replacing at \$50-\$70.

In preparing cars for sale, dealers concentrate on repairs involving only basic safety and appearance. You will inherit the others.

• Buy from a reputable dealer whom you know has been around awhile and will be around awhile longer.

• Ask the dealer for the name of the car's previous owner, and call him up. If the dealer refuses, you are entitled to suspect something.

• Don't shop when you're anxious for a change or when you have "car fever." A good salesman will sense this right away and try to take advantage of your eagerness. Take your time, and visit as many dealers as possible.

• Know pretty well what make and model you want, and what the going prices are. Study used car want ads in newspapers carefully for a good idea of what the car you want is selling for.

• Don't hesitate to haggle a little. Few cars are sold for the first asking price.

• If you know a good garage man or mechanic (not connected with the dealer) have him look the car over and give his opinion. If this costs \$5 or so, it can be an excellent investment.

What Is the Six-Point Program?

The 6-Point Program is a carefully planned system of activities that a Council is urged to establish and maintain for two important purposes:

(1) To provide a full schedule of activity in the fields of family protection and welfare; religious, civic and patriotic endeavor; education, athletics, charitable work and youth development, which, when participated in by all Council members, will fulfill the avowed aims and purposes of the Knights of Columbus.

2. To provide a DEFINITE opportunity for each member to participate in active work according to his particular personal interests.

6-POINT PROGRAM CHAIRMEN

The basic duties of each of the 6-Point Group Chairmen is to furnish the opportunity for members to practice their Catholic duties for the benefit of others; enable them to participate in worthwhile projects while profiting from the opportunity and experience themselves; encourage members to protect their families by maximum participation in our Order's insurance features; and to constantly recruit new members of high caliber in order that the Order's strength may be augmented while conserving the present membership at a high peak of effectiveness and quality.

Catholic Activity Group

Duties: To initiate, plan and execute, with the help of other 6-Point Groups when necessary and advisable, projects which will: Furnish the opportunity for members to practice their Catholic duties in the fields of Charity, Devotion and Education.

Enable the individual Knight to set constant and worthy example as an ideal Catholic to his Family, his Community, and his fellow members.

Goal: The accomplishment of at least FOUR different major Catholic activities for members and others in the year ending June 30th.

Council Activity Group

Duties: To provide a varied program of activities which will furnish enjoyment, entertainment and benefit to the members of the Council and their families and friends, at the same time enabling them to contribute the constructive advantages of their many talents and abilities to the program.

Goal: The accomplishment of at least FOUR different principal athletic, civic, cultural or social events for members or others in the year ending June 30th.

Fraternal Activity Group

Duties: To emphasize the personal aspects and values of membership in the Council and Order by:

(1) Encouraging constant recognition of outstanding service and ability of individual members and groups of members;

(2) Continually showing, and encouraging all members to show, tangible appreciation of

each member's fraternal and personal problems;

(3) Taking constructive steps when possible to help members solve these problems promptly and completely;

(4) Establishing a suitable and workable procedure by which all new members may be assured an immediate and personal welcome to the Council and helped to establish themselves firmly in Council activity and Council life.

Goal: The development of these four objectives by accomplishing four or more projects or similar alternatives preferred by the Council in the year ending June 30th.

The Public Relations Group

Duties: The functions of this Group are primarily intended to achieve two important basic results:

(1) To keep the Council membership accurately and constantly informed of current and future Council activities in order that all such projects and affairs may be assured full membership support.

(2) To maintain dignified, practical and constructive public relations by the systematically planned and executed use of ALL publicity outlets available in the Council's community and area.

The Membership-Insurance Group

Duties: To maintain membership in the Council at a level which will guarantee the effectiveness of its work and will make Columbianism a potent and worthwhile factor in Catholic, community and national life.

(2) To secure as many new members in the Insurance class as possible in order to insure stability of Council membership—and to provide protection for the membership and their families.

Goal: Your Council's achievement of the Membership and Insurance intake quotas assigned for a special period in the year.

The Youth Activity Group

Duties: To provide, obtain and maintain services and aids for your community's youth. These may be social, athletic, financial, religious or educational, provided that each improves your youth's morale, welfare, and moral development.

Goals: (1) The primary goal of each Council should be the establishment and maintenance of a Columbian Squires Circle.

(2) If a Circle is not sponsored, the Group should aim to accomplish at least FOUR different outstanding services for the Youth of your community or area in any of the above listed fields of action.

General Program Chairman

Duties: (1) Distribute program releases to chairmen, (2) Supervise and coordinate efforts of the 6-Point committees through monthly meetings of chairmen, (3) Report to the Supreme Office when requested.

Goals: To coordinate and supervise the activities of the 6-Point Chairmen and their groups to insure that the goals set for each group if met and fulfilled.

FAREWELL PARTY

A farewell party was held on Monday, May 11th, for the Council Officers and 6-Point Chairmen and their wives.

Our Host and Hostess for this affair was none other than our genial and affable General Program Chairman Henry Kleinhenz and his lovely wife Joan.

Refreshments were plentiful and the food was not only good but looked most appetizing due to the efforts of Mrs. Kleinhenz in making such an attractive table setting.

To say the least, Henry even had one of his dear friends, a professional bartender, work the bar.

All in all, everyone had a good time, plenty to eat and drink—and it certainly was a wonderful feeling to get together on such an informal and friendly basis, with all the lovely wives, to spend an evening.

The officers and chairmen were entitled to an evening like this when you stop to consider the work time and efforts they spent in behalf of the Council and membership, during the past year. LET'S have more of these affairs!

KAY CEE CLUB MEETINGS

All Officers and Trustees PLEASE NOTE: The next meeting will be at the President's home at 8:30 P.M., MONDAY, June 15th.

At the regular Trustees Meeting on May 4, it was unanimously voted that NO MEETINGS will be held or scheduled during the vacation months of JULY and AUGUST.

SIGNS OF LIFE IN A USED CAR

If you're one of the thousands who'll be used-car shopping this spring, it will be useful to know what is likely to go wrong with a car, and when, and how much it costs to fix it.

The answers aren't easy because so much depends on how the car was driven and taken care of. But experienced mechanics and a national garage organization agree that certain major repair jobs are likely to turn up at certain times in the life of the average car.

Here are some of them. The time-mileage periods and prices are not exact, and can't be, because so much depends on the history of each individual automobile. But they are useful to keep in mind as a guide while you're looking. Of course they don't include the cost of repairing car damage, and they don't include such repair jobs as wheel alignment, fuel pump repair, and others that can occur at any time in a car's life.
