

Hello Beloved Community Member,

Thank you for your interest in applying for a scholarship/work trade opportunity for R&R Training Spring 2018.

Please answer these questions  
in a letter of intent and proposal  
to be considered for either a full worktrade scholarship or partial work trade scholarship.

Letters of intent are due by March 28th.

•Are you willing/able/eager to commit  
to the entire class for the duration of the 9 weeks?

Which day?

Mondays 9-11?

Thursdays 6-8pm?

•Are you willing to arrive 30 minutes early to help set the tone for the space, prepare materials,  
and greet community when they arrive?

•Are you willing to help coordinate dress rehearsals?

•Are you willing to help coordinate set-up and/or clean-up for performance on Sunday, May 27th  
from 2:00pm on that day?

•Are you willing to help set up and show up  
for garden seva work parties?  
(Two work parties a week:  
a weekday and a weekend-day  
starting April 1st and going through June 2nd.)

•Are you willing to lead and/or participate in  
a marketing committee for our final performance?

•Are you willing to create a flyer/poster  
for the final performance?

To be completed by May 1st.

•Are you willing to recruit a team,  
and hang posters around Ashland, Talent, Phoenix, Medford for our final performance?  
Posters hung by May 4th.

•Are you willing to keep the class united  
through regular email messages,  
Facebook posts, and/or phone calls  
to classmates to check in with them  
through the duration of the class?

•Are you willing to say NO directly and lovingly,  
if anyone,  
including me,  
asks you to do something  
that doesn't fit for you?

**Most Important Request:**

\*\*\*\*If an interpersonal challenge arises  
in the duration of our course,  
with me or other classmate,  
are you willing to clear it up practicing the communication skills we are learning together,  
before our next group gathering  
and/or work-related meeting?\*\*\*\*\*

•Are you willing to commit  
to the overlooking principals of our class  
and completion of the final project,  
over the temporary waves,  
emotional challenges,  
and other area event and activity options  
that will inevitably arise?

In order to qualify and receive scholarship,  
please answer these questions authentically  
and honestly.

Based on what is an authentic yes and no for you, that allows me to assign scholarship amounts  
and work trade hours.

Thank you for participating in this new way of navigating our shared resources of time, treasure  
and talent and joining me in a beautiful way of team-building among equals.

Sincerely,  
Jaime D. Powell
