

Complimentary Mind & Body Harmonics Session

EACH is pleased to share an optional complimentary wellness resource available to EACH clients through a local Maui practitioner.

Mind & Body Harmonics is a complementary wellness practice that uses light, sound, and intention with the goal of promoting relaxation, comfort, and a sense of well-being. Sessions are typically offered in person; however, complimentary remote sessions are also available to EACH clients using a photograph of you or your pet.

This type of holistic practice may not appeal to everyone, and participation is completely optional. For those who are interested, it may provide an additional source of comfort, particularly during stressful situations or while coping with the illness or loss of a beloved pet.
