Overview

The Youth Empowered for Success (YES) is a prevention empowerment and turnaround program dedicated to helping young man and women between the ages of 17 and 21 achieve their full potential, optimise their power for success and run into that destiny with vision and hope. The (YES) program is a 10 month step up program that will transform the lives of those who participate. We will be facilitated by some of the Caribbean's brightest minds through video conferences and local seminars.

Vision

To see Caymanian youth become empowered leaders by developing personal acumen skills in time management, social dexterity, ethics and public decorum.

Mission

To empower youth through our 4 step program, engagement in community development and support by having positive values through one on one mentorship.

Values

All youth and young people deserve a quality of life, full of opportunities for spiritual, social, holistic and financial enrichment.

YES will help our participants to, dream more, be more, achieve more while learning how to be the best version of their self.

We invite you to join the Y.E.S. revolution

Youth Empowered for Success is a needed program within the Cayman Islands.

For years, we have seen the block of teens and young people between the ages of 17-21 years, go through a 'hit or miss' stage of life. We created this program to help take the guess work out for this group of important members of society who are in need of our help. Over the next 6 months, we along with some very talented precentors will help this group transform and say YES to Life!

Module 1 1 month

Potential & Honour Discovery

It's never too early or too late to start empowering young men to live responsibly and contribute to the community and the world. Potential and Honour

Discovery is a dynamic and motivational training for mature 17 to 21-year-olds who have a sincere commitment to creating meaningful results in their lives. This is step one in our training program. The course gives the participants the opportunity to discover, retool and redesign the limiting beliefs they have about themselves.

Module 2 2 months

Vision, Impact and Purpose

Vision, impact and purpose are 3 key ingredients in the makeup of a happy, motivated person. In this module, participants will dive into a 2 month introspective look at their lives to capture true vision that will impact them in a real way. We hope to bring the participants into a deeper sense of purpose.

Module 3 2 months

Break Free from Fear into Destiny

In order to continue developing as a leader, you must become the best version of yourself. The Break Free Training is the third level available to young adults between the ages of 17 and

21. It is a 2 month journey outside of your comfort zone with the goal of being free. Freedom of expression, freedom from the past, freedom from limiting beliefs, freedom from shame, anger, and fear.

When you Break Free, nothing will be impossible for you! it's time to embrace Destiny.

Module 4 1 month

Success Practices Aligned with Real Knowledge

Module 4 is known as Success Practices aligned with Real Knowledge. This is the stage where our clients graduate from our sessions and put into practice all that they have learnt. Connecting with potential job placement, is also our goal a module 4.
