

METALWARE

Setting the industrial shelving bar since 1954

Introducing the Integrated Modular Drawer!

Compatible with **METALWARE** Interlok and E-Series Widespan shelving systems

Made in North America - Designed and manufactured by **METALWARE**

/ Benefits of the new Integrated Modular Drawer

- ✓ Maximizes storage efficiency by consolidating small parts
- ✓ Provides easier access to parts because of the full extension drawer assembly
- ✓ Has better visibility of valuable inventory in storage
- ✓ Is made of industrial strength steel (450 lbs capacity with a smooth, self-close mechanism)

Integrated modular drawers within Interlok bays of shelving

Integrated modular drawers and factory-made structural components with Interlok shelving in a customized multi-tier application

Contact **METALWARE** for adaptor brackets to use with other shelving lines.

METALWARE

METALWARE

Setting the industrial shelving bar since 1954

/ Features

***FULL-HEIGHT DRAWER SIDES & DRAWER FRONT**

ERGONOMIC DESIGN

DROP-IN DIVIDERS

FULL, SMOOTH EXTENSION ARMS

METALWARE

/ Drawer Dimensions: Nominal vs. Useable Measurements

To determine real drawer measurements:

Eg. 8" (H) x 18" (D) x 36" (W)

Nominal height:	8" less 1"	= 7" useable height
Nominal depth:	18" less 3"	= 15" useable depth
Nominal width:	36" less 4"	= 32" useable width

/ Drawer Configurations

/ Drawers 18" x 36"
