WHY HAREA

We offer concepts
in different styles
for interior and
exterior architecture with our
innovative and
sustainable
production
approach

With unique designs by adopting the understanding of the Middle Ages and the New Age, beautiful touches to your interiors is our focus.

We always have a successful team that can reflect the design culture to our products.

We contemplate the well being of our planet by providing sustainable production mentality

We set out to become an admired and preferred brand where customers will feel good by producing quality, innovative and different products.

Our aim is to positively impact the environment wherever possible and to provide the best experiences for our customers.

Lamia plus colorium chandelier series, Indoor lighting, the most striking pieces of the latest collections, and our Red, Yellow, Green series designed by Hasan Derin for interior spaces, take you on a real journey by creating dialogues in perfect harmony. Harea Design 2023 brings the architecture it offers and represents to its collection. Its visitors find themselves in a world of consistency and creativity, innovation and the ability to improve everything, even tradition.
