Tech Inspection Form

DRIVER:	DATE:
MAKE:	MODEL:
SUBMODEL:	YEAR:
COLOR:	STOCK OR MODIFIED:

Note: If you are self-teching your car, it is your obligation to physically check every item on this form. Do not assume your lugs are tight, for instance, re-torque them to make sure. This checklist is for your saftey and the safety of the others on the track with you, and should not be dismissed as a formality. After teching your car, you must sign the bottom of the form (in both places if you're self teching), which indicates that you have, in good faith, checked every item on this form. Please bring this form with you to the track, or you'll have to do a new tech at the track, possibly missing your first run group. Thanks for your cooperation.
