

Capability Statement

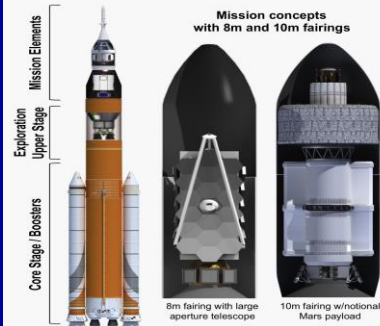

H6 Energy, LLC, established in 2004, is a veteran owned, Hubzone Certified, engineering and integration company that help customers deliver innovative solutions for Space, Defense, and Information Technology.

Core Services – Systems Engineering, Project Management, System Safety Engineering, Software, Design, Test Verification, Emulators, IT/Cloud Solutions; C4ISR, Aerospace, Space, Avionics, Radar, Data Links.

NAICS

- 541330 – Engineering Services
- 541690 – Other Scientific and Technical Consulting Services
- 541715 – R & D in the Physical, Engineering, and Life Sciences
- 541512 – Computer Systems Design Services
- 541511 - Custom Computer Programming Services
- **PSC:** AC20, AC13, AC14, AC15, AC64, AD24, AC25, AC26, AC27, 5980, 7010, 7021, 7022, 7025, 7030, 7042, 1510, 1520, and 1540

Space Launch System (SLS) Integrated Complex Avionics

Software/Hardware Avionics Safety; Stages, MPCV, ICPS, and SIL.

Department of the Navy CNS/ATM; C130T; C-130U

Systems engineering, project management; GPS/GNS, Electronic Flight Bag; VDHL, Xilinx FPGA.

U. S. Air Force

A-10, C-5, AC-130 U/H; KF-16, PODs – Airborne Instrumentation; Radar, Data Links

Performance

Network Deployments and Cloud Solutions

Fiber/Wireless IP networks. Nationwide broadband infrastructure network buildout. Implementation of Co-location facilities for voice, data, and video. Long haul, local loop, and wireless circuits: T-1, DS-3, OC-3, OC-12 and OC-48

Department of the Army

Reconnaissance and Surveillance/C4ISR

Differentiators

- **SBA Hubzone Certification**
- **8a Certification (Pending)**
- **Veteran-Owned**
- **Led \$1M ~ \$30M project for prime contractors**

Cage Code: 468N1
