For Immediate Release
McMinnville, TN

The Board of Public Utilities for McMinnville Electric System (MES) is pleased to announce the addition of Ms. Brittany Davis as General Manager-Elect for MES. Her selection comes ahead of long-time General Manager, Rodney Boyd's retirement expected later this year.

Ms. Davis was selected after a nationwide executive search and hails from Sheffield Utilities in Sheffield, Alabama. Ms. Davis, an electrical engineer, brings to MES over 11 years of experience working in the TVA territory, leading the Sheffield Engineering and Operations Department and 7 years working within the industry while completing her education.

She holds a Bachelor of Science, Electrical Engineering degree, obtained in 2012, from Mississippi State University and a Master of Business Administration degree, obtained in 2020, from the University of North Alabama.

Ms. Davis is expected to join the MES Team on March 4, 2024. She and her husband have a six-year-old, a two-year-old, and a dachshund, who completes their household.

Ms. Davis joins MES as we recognize a very special milestone in the System's history – our 85th year as McMinnville's Public Power Provider. We look forward to welcoming Ms. Davis in her new role at MES!

McMinnville Electric System, a public power utility, distributes electricity to more than 8,000 customers in the City of McMinnville, Tennessee. MES offers reliable service, low rates, and extraordinary customer service. For more information about MES, visit www.mesystem.net.
