Training:

Marcus said that the feedback from the Wednesday joint track session with Ilkley had been positive.

Louise and Ali Nash have intimated that they will not be carrying on their role as track leaders for too much longer.

Marcus to approach Joe Halliday to see if he is interested in taking over the role.

We will possibly struggle to cover the session, if it is a combined session with Ilkley the cost would rise to £3 inline with Ilkley charges.

Run leaders, Marcus said that there are only 9 run leaders available for September. There are 16 regular run leaders and 25 run leaders in total, so there is a need to recruit new leaders. Of the four in training only one is actively engaged.

Marcus to use newsletter and social media to try to recruit more run leaders.

Structured training run by Pawel Tryc has been well attended and there has been positive feedback.

Committee supportive of the sessions continuing.
