PLEASE READ THE FOLLOWING:

It is **your responsibility** to :

- Provide GILLIE Aesthetics and Dermatology with accurate information regarding your insurance, employer, date of birth, address, social security number, and other requested information to facilitate billing your insurance. This information is included on the Patient Information and Insurance Authorization forms you filled out at your initial visit. GILLIE Aesthetics and Dermatology respects your right to privacy and will maintain confidentiality of your information.

It is your responsibility to pay your copayments, deductibles, balances, and coinsurance when you arrive for your appointment. GILLIE A I D accepts payment by cash, check, VISA, MasterCard, and Discover. There is a $30 fee for all returned checks.

- Obtain insurance referrals from your primary care provider if your insurance requires it **prior** to your appointment. Please check with your PCP or your insurance before your appointment to guarantee your referral is in place.

- Have your insurance card and insurance information with you upon arrival for **each** appointment. If you do not have proof of insurance, you may be asked to pay for your visit.

GILLIE Aesthetics and Dermatology offers reasonable rates for patients who pay for services on their own. We also offer payment plans, so please discuss options with our billing department if a financial situation arises.

E-PRESCRIBING & MEDICATION HISTORY CONSENT

GILLIE Aesthetics and Dermatology Plc uses an electronic medical record system that allows electronic prescribing of medications. Prescriptions are sent to your pharmacy through a secure connection which improves the accuracy and timely transmission of your medical information. E-Prescribing greatly reduces medication errors and enhances patient safety. There are several standards that may be included in an e-prescription program.

THESE INCLUDE :

- Formulary and benefit transactions: Gives the prescriber information about which drugs are covered by the drug benefit plan.
- Medication history transaction: Provides the physician with information about previous and current medications the patient is taking to minimize the number of adverse drug reactions.
- Fill status notification: Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up or partially filled.

My signature certifies that I have read and understood the scope of my consent and that I authorize the access of my medication history. This consent will remain in effect until I sign to revoke it. This consent is voluntary and I do not have to choose these options. If I decline consent, I understanding I am choosing to opt out of the above stated benefits, but this will not affect the care I receive from GILLIE Aesthetics and Dermatology Plc.
