Enhance your Home or Business with Window or Entrance Awnings from Patton Aluminum. We offer a variety of styles in aluminum, canvas and vinyl for both residential and commercial applications. Window Awnings help save energy, reduce glare and protect your home and furnishing from damage and fading due to the sun. According to a report from the US Department of Energy, window awnings can reduce solar heat gain in the summer by up to 77%, therefore, saving you in cooling costs.

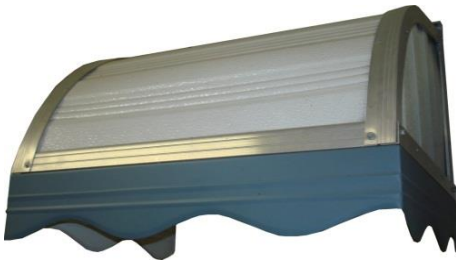

We have multiple different style and color options for your awning choice as well, please see below for some of these options!
