 Lecture Title: Healing Through Drama: Leveraging Theatre for Collaboration and Problem-solving in Public Health

RESEARCH EXPERIENCE

Marquette University, Milwaukee, WI January 2023 - Present

Research Consultant, College of Nursing

- Project management of a grant-funded study using the Method for Program Adaptation through Community Engagement in Digital Storytelling
- Code digital stories and interviews and assist in the construction and writing of manuscripts related to study data dissemination in peer-review journals
- Oversee regulatory compliance issues such as tracking and recording protocol-specific certifications and procedure certifications such as Human Subject Protection and Health Insurance Portability and Accountability Act (HIPAA) and record Institutional Review Board approvals
- Coordinate the evaluation of procedures implemented during pilot studies to determine necessary design and logistical changes for the main study

University of Massachusetts Amherst, Amherst, MA August 2021 – May 2023

Research Assistant, funded by the Massachusetts Department of Public Health (MDPH)

- Collaborated with Massachusetts youth, examining how structural racism and systemic violence contributes to inequitable youth sexual and reproductive health outcomes using Youth Participatory Action Research (YPAR) and arts-based research methodologies
- Co-led three youth retreats (ages 14-21) in Springfield, MA and Lynn, MA, (each cohort about 15 participants) guiding youth in honing the expertise of their lived experience and documenting challenges and strengths in their respective communities
- Conducted interviews with youth and community leaders, code transcripts and prepare youth to disseminate findings to local state officials

- Partnered with community nonprofits and organizations in participant recruitment

Active Minds, Philadelphia, PA

January 2022 - 2023

Emerging Scholars Fellow, Independent Creative Project, *I'm Picking Me*

- Developed, implemented, and facilitated a 4-month digital storytelling workshop with 8 Black women and gender non-confirming persons with body-focused repetitive behaviors (BFRBs)
- Examined and thematically coded digital stories and story scripts to understand how socio-cultural factors affected mental health behaviors for minoritized people
- Presented digital stories as a [composite film](#) to stakeholders including staff at the TLC Foundation for Body-focused Repetitive Behaviors, Active Minds, UMass Amherst SPHHS, and clinicians
- Presented findings at the 6th annual National Organization for Arts in Health conference

New York University, New York, NY

September 2018 – August 2022

Co-Researcher/Performer, Theatre & Health Lab, “Turbulence”

- Explored the experiences of Black and Brown People of Color (BPOC) in clinical settings and the larger world through drama therapy and other arts-based inquiry, which included the writing and production of an interactive performance-activism ethnodrama titled *Turbulence*
- Participated in participatory-action research involving image theatre, play, and other qualitative methods of data collection to understand how best to serve the needs of BPOC clinicians, health educators, and society at-large who function in predominantly White spaces
- Engaged audience members in challenging systems of oppression through interactive performance elements with the aim of enhancing cultural awareness around BPOC identities and fostering social action
- Assisted with data collection and analysis, collaborated with co-researchers on data dissemination

The #StayHome Project, The Dramatic Health Educator, Atco, NJ

March 2020-Present

Creative Director

- Devised a virtual [COVID-19 arts response](#), leading a group of 8 co-investigators using a trauma-informed, community-engaged participatory action approach
- Coded interviews and field-notes which served as the basis for developing the ethnodrama

WORK EXPERIENCE

Render Creative Inc., DBA Main IDEA, Worcester, MA

July 2024 - Present

Interim Executive Director

- Provide vision and direction to stabilize the organization during a leadership transition, ensuring alignment with the mission, values, and long-term goals
- Manage day-to-day operations, including budget oversight, program delivery, and staff management, to maintain organizational momentum and donor confidence
- Foster strong relationships with board members, funders, community partners, and staff to support organizational continuity and future growth

Town of Ware, Healthy Quaboag Initiative, Ware, MA

November 2023-Present

Communications and Community-Engagement Coordinator

- Lead community engagement and communications efforts for the Healthy Quaboag initiative for community health
- Conduct marketing and publicity media and communication to build community awareness and support, liaising between local newspapers, radio stations, and virtual marketing

- Develop monthly newsletters and manage all social media platforms
- Grow email listserv and transform social media analytics into tangible goals for growth
- Build relationships with key partners across the Quaboag Valley region by planning and promoting community events our service areas: Community Health Improvement Plan, Quaboag Valley Food Policy Council, Education to Employment and Baystate Better Together, and the Youth Advisory Council
- Partner with team members on grant writing and program implementation

Hanover Theatre and Conservatory for the Performing Arts September 2022-Present
Co-Director and Teaching Artist, Worcester Youth Speak Honestly Program (WYSH)

- Co-direct the WYSH program, a Mass Cultural Council-funded devised theatre program that includes creating an original piece of theatre based on the lived experiences of Worcester youth
- Develop WYSH tour for Worcester Public High Schools to recruit new ensemble members
- Create weekly rehearsal schedules with Director of Education
- Run weekly rehearsals and lead youth in various theatre-based processes
- Manage all logistics for the end of program show in the Jean McDonough Arts Center

University of Massachusetts Amherst, Amherst, MA August 2023-Present
Program Assistant, Peer Health Education Program

- Support the executive functioning of the Peer Health Education (PHE) program in Recreation and Wellbeing (RecWell)
- Co-create wellbeing sessions including stress management, mental health, contemplative practices, and writing for wellness
- Manage, advise, and mentor a team of 11 undergraduate peer health educators and 4 undergraduate program managers
- Oversee the success and function of all focus groups including social media, contemplative practices, and mental health, as well as planning campus-wide events like Paws and Sleep Fairs
- Foster partnerships across the university through streamlined communication efforts

Bloomfield Department of Health and Human Services, Bloomfield, NJ February 2021-July 2021
Health Education Specialist and Social Media Manager

- Promoted community health education by managing all department social media accounts
- Curated accurate, evidence-based, and engaging health communication through social media outreach and monthly newsletters to Essex, Union, and Morris counties
- Facilitated and moderated events for Bloomfield residents including nutrition, lead poisoning, brain injuries, and the COVID-19 vaccine rollout

CAMBA, Inc., Brooklyn, NY September 2019-September 2021
Health Educator, Comprehensive Adolescent Pregnancy Prevention Program (CAPP)

- Implemented comprehensive, age-appropriate, and evidence-based sexual education programming to youth ages 10-21 in high-need communities and schools across Brooklyn using the *Be Proud! Be Responsible!* and *Making Proud Choices!* curricula through this state-funded program
- Developed and facilitated original Youth Development Activities including using art in health and social justice, mental wellness, STI & HIV/AIDS education, contraception, and LGBTQ+ identities
- Referred youth to medical providers and other social services as needed
- Trained and supervised youth educators in a peer leadership summer program

Indiana State Department of Health, Indianapolis, IN

May 2020-August 2020

Lead Investigation Specialist

- Lead investigations into situations concerning individuals who have tested positive for COVID19 and their contacts.
- Educated and counseled clients regarding transmitted disease and risk reduction
- Provide education and information on COVID-19
- Connect appropriate persons to social services and additional resources as needed to ensure their health and safety
- Prepare reports and managing patient and contact data

New York University, New York, NY

September 2018-August 2019

Preprofessional Advisor, College of Arts and Sciences

- Advised students and alumni interested in pursuing professional studies such as medicine, dentistry, law, and veterinary and tailored messaging to each student's needs
- Interviewed over 30 students as part of the Committee Letter process for medical school applications
- Wrote over 20 Committee Letters, attesting to applicant strengths and weaknesses in several areas including education, research, work, and volunteer experience
- Refer students to other on and off-campus resources as needed, including health and wellness services
- Worked actively to maintain confidentiality

ARTS-in-HEALTH CREATIVE PROJECTS

We're Having a Party!, New York University, New York, NY

July 2019-Present

Playwright and Developer, Steinhardt Program in Educational Theatre

- Project Synopsis: Youth aged 5 to 7 discover what it means to make healthy lifestyle choices as they help characters prepare for a party in an immersive and interactive theater experience. Children will be asked to help plan the best party of the century while exploring topics like choosing healthy foods, physical activity, hygiene, and safety.
- All health information in the script is evidence-based. A focus group of caregivers was conducted before the script-writing process

Back to the Basics, New York University, New York, NY

September 2018-September 2019

Student Developer/Facilitator, Steinhardt School of Culture, Education, and Human Development

- Explored how interactive theatre and health coaching programming can assist students in identifying and alleviating stress and anxiety for academic success in an effort to supplement university counseling services in outreach to first-year students and high-risk students
- Curriculum development for implementation at colleges and universities to serve as a tool to alleviate burden on counseling centers and to identify at-risk students

Band-aids, New York University, New York, NY

January 2019-April 2019

Director, Steinhardt Educational Theatre Youth Ensemble

- Directed a micro-ensemble of youth ages 13-18 in a new play, *Band-aids: A Temporary Fix*, which explores how school dress codes disproportionately target feminine bodies
- Explored multiple acting pedagogy and practice with youth, leading them through a co-created process to ensure their thoughts and feelings were reflected in the art piece

New York University, New York, NY

January 2019-May 2019

Student, Steinhardt Program in Educational Theatre

Project Title: *Act Up! Peer Health Exchange: A Peer Educator Training Program*

- Course: Acting: Pedagogy, Technique, and Performance
- Developed an arts-based peer health educator training program
- From Synopsis: *Act Up! Peer Health Exchange* is a program for college students to develop as health leaders on their campuses, in local high schools, and within their communities. Peer Educators fulfill the program's goals by receiving training in the foundations of public health, social justice, and applied theatre. More so, Peer Educators will be able to provide interactive, drama-based educational outreach and conduct needs-assessments
