Deposits are required to get on our list for our litters. The deposit is \$500 and it will go toward the price of the kitten. The deposit is not refundable. The price of our kittens is \$2,500 for a family pet. The balance is due upon the delivery of the kitten. We reserve the right of first refusal on any kitten. We do not sell breeding rights to our kittens. We are a TICA registered Cattery and all kittens are eligible to be registered. We will provide a breeder slip for the buyer to complete the registration should they choose to do so. A full contract will be generated once a kitten has been chosen.
