

BE A GOLFER

FOR GOLF FAMILIES

The next step is not generic.

Development starts with the player.

BRENDON ELLIOTT, PGA

BE A GOLFER

12-WEEK REMOTE COMPETITIVE PLAYER DEVELOPMENT

Parents often ask what their junior golfer should work on next.

The honest answer should not come from a generic checklist.

It should come from the player's goals, tournament schedule, scoring patterns, practice access and current performance evidence.

The BE A GOLFER 12-Week Remote Coaching Program brings those pieces together through CoachNow, Golf Live, SwingU and SportsBox AI - with coaching judgment guiding every tool.

This program is for competitive teenage golfers prepared to communicate, practice with purpose and take ownership of their development.

Applications are now open.
