

BE A GOLFER

COACHING VALUE

Practice should answer questions.

Purpose before volume.

BRENDON ELLIOTT, PGA

BE A GOLFER

12-WEEK REMOTE COMPETITIVE PLAYER DEVELOPMENT

A productive practice session should answer three questions:

- **1. What am I trying to improve?**
- **2. What evidence will tell me whether it is improving?**
- **3. How will I transfer it to the golf course?**

Hitting more balls is not automatically better practice.

The goal is to build a golfer who understands the work, owns the process and can make better decisions under pressure.

That is the foundation of the BE A GOLFER 12-Week Remote Coaching Program.

Applications are open for competitive teenage golfers who are ready for structured development.
