

BE A GOLFER

APPLICATIONS NOW OPEN

Stop collecting swing thoughts.

Build a competitive game.

BRENDON ELLIOTT, PGA

BE A GOLFER

12-WEEK REMOTE COMPETITIVE PLAYER DEVELOPMENT

Most junior golfers do not need more swing thoughts.

They need clarity. They need a practice plan connected to performance. They need honest feedback, accountability and better decisions when the score matters.

That is why I created the BE A GOLFER 12-Week Remote Coaching Program - a selective development experience for competitive teenage golfers ready to work with purpose.

THE PROGRAM INCLUDES

- **Private CoachNow coaching space**
- **Weekly development plans**
- **Six Golf Live sessions**
- **SwingU performance tracking**
- **SportsBox AI checkpoints when useful**
- **Tournament preparation and post-round reviews**
- **Final 90-day development recommendation**

This is not a video library or quick-fix subscription. It is structured player development led by coaching judgment.

Investment: \$1,500 for 12 weeks. Applications are now open. Acceptance is based on readiness and fit.
