

Greetings Everyone!

We just recently received updates about each of the four students we are currently supporting and we thought we'd share them with you. The photos and messages included here are translated from the original messages provided by the director of the orphanage, Misael.

Victor

"Victor has graduated and is now officially a new physical therapist. The university only needs one more year of professional practice and Victor is going to travel to Tijuana to complete this final requirement. He was recently featured in an advertisement from the university, and Victor says he is extremely happy to help promote his program."

Rebeca

"In the School of Communication, Rebeca is very happy with what she has achieved in the radio and TV studios, as well as at the "Noche Mexicana" celebration, where she has practiced her studies."

Misael, Jr.

"Misael, Jr. is continuing in his work in

Engineering. Currently, the country is not dedicating enough money towards the university, which is resulting in problems. We are trusting in God that this will not affect the students. On various days, teachers will not be present in classes, though Misael must still be present."

David

"David's work in Psychology is strengthening each day. It brings us great joy that David is already able to practice what he has learned in Psychology with the orphans at Rancho San Juan Bosco. It was very nice when many of his classmates came to visit the orphanage, which David has described as home."

"Victor, Rebeca, David, and Misael are very thankful for the support that you have given towards their studies, and have a message for all of you:"

"THANK YOU FRIENDS"

Misael (Left) and Victor (Right) at Victor's graduation

For us at the Don Bosco Project, it's truly been a blessing to have been able to make a difference in the lives of these students, and we couldn't have done it without you. Thank you to all who supported us through donations or prayers.

**Blessings,
The Don Bosco Team**
