- 1. Motion to accept minutes from Selectman's Meeting 03/31/2025 & Special Town Meeting Minutes 3/31/25:**
- 2. Per Riverside Electric, regarding the light installed at Addison Landing/113 Marsh Island:** "2 trees between the utility pole and pier, may need to be removed. - The light aimed at the pier may cause some glare to vehicles pulling away from pier. -In order to push light out onto the pier, the utility pole would need to be replaced with a 40' pole and much larger flood light would be needed. Riverside does not set poles, but could assist with getting a sub-contractor to do this if this is the path the town chooses to go. They estimate it would probably cost upwards of \$2,000 to get a 40' pole and have it set.
