

HCR Home Care Employees and HCR Cares Give Generously to 61 Families This Thanksgiving

News Article from The Mountain Eagle and The Schoharie News

Sixty-one families in need received food for the Thanksgiving holiday, as a result of donations from HCR Cares and HCR Home Care.

HCR employees and HCR Cares generously donated food items to fill gift bags for families in the Catskills, Central New York, Finger Lakes and North Country regions. HCR's CEO, Louise Woerner, and her husband, Don Kollmorgen, personally donated funds to provide turkeys for the families. This annual tradition is one of the employees' highlights throughout the year – to be able to give back to families in the communities they serve.
