\$70.00 per game scoring officials and referee

(Games 8-12+ per date)

\$75.00 per game for Routine Official

\$75.00 per game for scoring officials and referee

Travel Expenses: Officials are independent contractors and NOT employees of the National and Intercollegiate Association for STUNT Officials (NIASO). NIASO cannot guarantee a full officiating crew if there are not any available local officials (*within an hour and half to two hours of host site). If a school requests an official from outside their conference, travel arrangements will be made with the host institution and official through the assigner. If the official is traveling 2+ hours, the NIASO Assigners will contact the game director, coach, athletic director, or account holder to discuss the travel rates or lodging and create an agreement for that event/game and official. All travel reimbursement will only be discussed by NIASO Assigners and the hosting site. The assigned official, after negotiations, may be responsible to print and complete a Travel Reimbursement Request form from the NIASO website and submit it to the hosting organization upon request. It is at the request of the institution on how they verify travel. It is the official's responsibility to submit the request and keep a personal record of the submission.

The assigners will make every effort to assign local officials.
