At least 30 days and no more than 60 days prior to the renewal date, the Company will notify Customer in writing of the terms of renewal of this Agreement ("Renewal Term") and of the Customer's right to renew, reject or renegotiate this Agreement. As required, unless the Company receives affirmative consent from Customer to such terms in advance of the Renewal Date, Customer's account will be returned to the utility service. While receiving service on a month-to-month basis, such notification will be provided only for the first renewal occurring at the end of the Initial term, and Customer or the Company may cancel or terminate this Agreement by providing 30 days' advance written notice of termination to the other party. Customer shall have 3 business days from receipt of the first billing statement of the Renewal Term to reject renewal terms and cancel the renewal agreement.

The following is applicable to residential customers and any commercial customers solicited door-to-door: For any renewal of this Agreement (including a change in rate for a variable-rate month-to-month product), the ESCO must obtain the Customer's express consent if the renewal offer contains any material change to the terms and conditions of this Agreement, including a change in rate structure or product type. Such termination will constitute a Customer breach.

A \$30 fee will be charged for all returned payments.
