# Inspired by our history

Tarihimizden ilham aldık

1748

## Her Şeyin Başlangıcı

François Boch, oğulları ile birlikte, dayanıklı ve şık ürünler üretmek fikriyle yola çıktı. Audun-Le-Tich ve Luxemburg Septfontaines'deki atölyede el yapımı vazolar, kaseler, sürahiler ve dekoratif parçalar ürettiyordu.

1809

## İmalattan Endüstriye

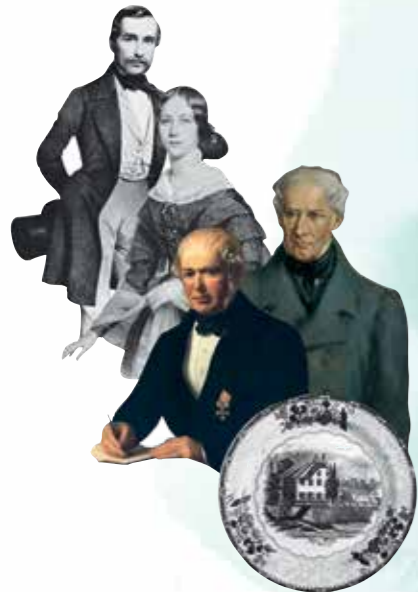

Boch ailesi modern üretimin doğuşuna öncülük eden Mettlach şehrindeki eski bir manastırı satın aldı ve fabrikaya dönüştürdü. Optimum fırınlama şartlarına ulaşarak seramik imalatı alanında onlarca buluşa imza attı. Birkaç kilometre uzaktaki Nicolas Villeroy da devrimci teknikler geliştirmiş, seramik üzerine ilk defa bakır kalıplar ile dekor işlemeyi başarmıştı.

1836 - 1842

## Rekabetten Ortaklığa

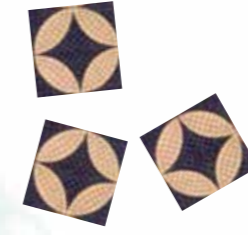

Nicolas Villeroy ve Jean-François Boch'un iki şirketin tecrübelerini birleştirmesinin ardından 1842 yılında Eugen Boch ve Alfred Villeroy markanın başına geçerek Villeroy & Boch'u dünyaya tanıtacak fikirleri üretmeye başladılar.

1852 - 1869

## Karo Üretimi Başlıyor...

Restore edilen Roma mozaiklerinden esinlenerek dünyaca meşhur, dayanıklı Mettlach karoların üretimine başlandı.

1870 - 1899

## Banyo Ürünleri

1880 yılından beri asilzadeler ve kraliyet ailesi için banyo ürünleri üreten Villeroy & Boch, yeni üretim teknikleri, önem kazanan sağlık şartlarının etkisiyle genel kullanıma yönelik vitrifiye grubu ürünlerin imalatına hız verdi.

1975

## Yenilikçi Ürün Felsefesi

Tasarımcı Luigi Colani ile birlikte Villeroy & Boch baştan sona bir banyoyu donatıyor ve ilk defa bir banyonun sadece işlevi değil görüntüsü de önem kazanıyordu. Villeroy & Boch seçkin ürünlerle tasarlanan yaşam alanları oluşturmaya başladı.

BUGÜN

## Eczacıbaşı ile Yeni bir Dönem

Eczacıbaşı, global bir şirket olma vizyonu ile 2007 yılında Villeroy & Boch Karo firmasına ortak oldu. Sonraki yıllarda ortaklıktaki payını iyice yükselten grup, her geçen yıl artırdığı bayi sayısı ile daha çok noktada daha çok tüketici ile buluşuyor.

## "Granit Şehir" in ilham verici yorumu

*An inspiring rendition  
of the "Granite City"*

Granit binaları sayesinde sofistike bir atmosfere sahip olan Aberdeen şehri, gümüş gri granite taze ve modern-rüstik bir yorum veren Villeroy & Boch serisine ilham kaynağı oluyor. Mat ve mat-parlak yüzeyde, 4 farklı renkte sunulan koleksiyon mekanlara özgün ve modern tarz katıyor.

*An air of landscape made of granite, grey stone buildings in the cityscape of the Granite City Aberdeen inspires Villeroy & Boch series which gives a fresh modern-rustic interpretation to this silver-grey granite. With its matt and matt-glossy finishes - which has a varying lustre effect in each viewing angle - in four colours for floors where a modernism comes to life.*

Etkileyici şekilde doğal,

*Impressively natural,  
modern and imaginative*

Bernina serisi, İsviçre Grison Dağları'nda bulunan parlak kuvarstan ilham alınarak tasarlanıyor. Uyumlu nüanslar ve naturel renk oyunları, kuma benzer doku ve seyrek damarlı hafif parlak yüzeyi Bernina'ya doğal bir his katarak çekiciliğini artırıyor. Karolar mat veya yarı-parlak olarak iki farklı yüzey alternatifi sunuyor.

*The Bernina series is inspired by the bright quartz in the Grison Mountains of Switzerland. Compatible nuances and natural color games, sand-like texture, and a lightly shiny surface with sparse grain add to the natural feel of Bernina, increasing its appeal. The tiles offer two different surface alternatives as matt or semi-gloss.*

Karo yüzeylerine taşınan çiçek rölyefleri, buzeri dekorlarla bir araya geldiğinde, tarihi köşkerin dokusunun modern bir yorumunu sunuyor. 40x120 cm ebadındaki çiçekli dekorların rölyefli yüzeyleri, karolarda doğal bir gölge etkisi yaratıyor. Altın efektli alternatifleri de bulunan çiçekli dekorlarla aynı ebatta sunulan buzeri dekorlar ise oyma bezemeli ahşap görünümü veriyor.

When the floral reliefs carried on the tile surfaces come together with the boiserie decors, they offer a modern interpretation of the texture of historical mansions. The relief surfaces of the 40x120 cm flowered decors create a natural shadow effect on tiles. ## Geçmişin soylu yansımaları *Noble reflections of the past*

Eski Venedik saraylarının şanını yansıtan mermer dokuları modern Avrupai bir tarzla yeniden yorumlayan vilbostone porselen karo serisi Marmochic, üç farklı mermer dokunun en doğal formunu, bordürler ve geniş tamamlayıcı parça seçenekleri ile duvarlara ve yerlere taşıyor. The Essential Beyaz Calacatta mermerinin gri damarları ve altın renkli hareleri ile estetiği, The Dark Illusion açık renk damarları ile İtalyan Grigio Collemantina mermerinin abidelere kattığı görkemi, The Deep Pearl Pietra Grey mermeri dokusu ile gri incilerin sıcak parıltısını mekânlara yansıtıyor.

*Marmochic is notable above all for its creative potential. Different formats, corner and edge trims, classically modern and puristic décors and borders for walls and floors, high skirting and traditional wall trims for a finished design – a class found rarely in tile ranges today. The high quality is enhanced not only by many expressive details in the nonvitreous wall tiles but also by the two glazed vilbostone porcelain stoneware wall and floor tiles. The matt version brings a mystical shimmer to living areas and bathrooms. The polished version of the tiles has a high-gloss finish and produces wonderful light reflections, just like natural polished marble.*

SILENT MOOD duvar karoları, çimentoyu anımsatan görünümüyle bir iç mekan tasarım bileşeni olarak yaşam alanlarına çekici bir atmosfer kazandırıyor. Beş pastel renkle ahenk yaratan sıra dışı bir tarz... SILENT MOOD, hem rahatlatıcı hem de ilham verici bir atmosfer yaratmanıza olanak sağlıyor.

*Soft colours and geometric shapes - a design that is always well-received in interior design. The SILENT MOOD concept adds an appealing component here: The matt finishes of these wall tiles are reminiscent of coloured cement. Combined with graphic or relief 3D décors, these nonvitreous tiles underscore the modern way of life with subtle colours and a homely esprit. An extraordinary style that spreads harmony in five pastel colours. SILENT MOOD is relaxing and inspiring at the same time.*

## Zanaatkarlığın yeniden yükselişi

*Craftsmanship  
reinvigorated*

SPARKS Koleksiyonu, Venedik villalarındaki antik ve kaliteli zeminleri hatırlatıyor. Terrazzo dokulara benzerliğiyle SPARKS koleksiyonu, göz alıcı görüntüsüyle tüm ilgiyi zemin ve duvar kaplamalarına çekiyor ve el işçiliğinin zamansız görkemini yansıtıyor. Koleksiyonun 120 x 120 cm formatındaki büyük karoları, karo kaplamaya "tek biçimli ve bütün" bir görünüm veriyor ve ilhamını aldığı terrazzo tasarımını en ince ayrıntısına kadar ortaya çıkarıyor.

*One is reminded of the antique, high-quality floors in Venetian villas. With a resemblance to terrazzo, the SPARKS collection shines the spotlight of the space on coverings for floors and walls. The radiance is exquisite and expresses the splendour of time-honoured craftsmanship. The large tiles in 120 x 120-cm format give the tile covering a unified look – a terrazzo design that reflects its role model, down to the details.*

## Özgün niteliğin geometrisi

*The geometry of  
succinctness*

Kentsel bir yaşam ortamı için sahneyi hazırlayın: STAGEART, çimento renginde yüzeyler üzerinde göze çarpmayan doğal taş yapıları ile farklı bir tasarım ortaya çıkarıyor. Bu şekilde ince bir dengeye oturan duvar ve zemin konsepti, çok çeşitli yaşam alanları için hem sıcak hem de soğuk tonlar sunuyor. Koleksiyondaki grafik dekor karoları, Kübizm'den ilham alıyor. Sanatsal karakterleri, konseptin modernliğini ön plana çıkarırken iç mekan tasarımına vurgu yapıyor. Koleksiyonun özü, bu dekor karoların geometrik tasarımlarının sadeliğinde yatıyor. STAGEART, başlangıçta doğallığın çekiciliğini, ardından yaratıcı inceliği takip eden bir koleksiyon.

*Clear the stage for an urban living atmosphere: STAGEART presents discreetly natural stone structures on cement-coloured substrates. Finely balanced in this way, the wall and floor concept offers both warm colours and a cool tone for a very wide variety of spaces. The graphic décor tiles in this range take their inspiration from Cubism. Their artistic character highlights the interior design while bringing the modernity of the concept to the fore. The quintessence of the entire range lies in the simplicity of the geometric designs of these décor tiles: STAGEART is a collection with the initial appeal of naturalness, followed by creative finesse.*

## Metropollerin stilinde

*In the style of the metropolises*

Sadeligi önplana alan kent yashami, 1980'lerden bu yana yepyeni ilham olanaklarına kapı araladi. Bugünün canlı ve etkileyici renkleri, mütevazı ve sade ev ortamlarına zenginlik katmaya başladı. Bunun bir örneği de URBAN ART konsepti. Genellikle metropollerdeki çatı katlarında kullanılan şık tuğla uygulamalarını yansıtan ve 6 farklı renkte parlak bitişlere sahip karolar, otantik görünümleriyle iç mekanları zenginleştiriyor. El yapımı seramiklerde olduğu gibi, URBAN ART karolarının düzensiz köşe bitişleri, özgün bir tasarım trendini karo seramik kalitesiyle buluşturuyor.

*The purist urban living scene has opened up a range of fresh inspirations ever since its beginnings in the 1980s. Above all, expressive colours today are integrated into an otherwise modestly simple home environment. One example of this is URBAN ART. The artisanal tiles are reminiscent of the brick culture of metropolitan lofts and enhance the home interior with glossy finishes in six different colours. Like the ceramics that were once made by hand, URBAN ART tiles have irregular edges. This is a special quality characteristic that corresponds to the trend towards authenticity. Şehrin içinde yeşil bir vahaya kapınızı açın!

*Open your doors to an oasis of green!*

Beton ve terrazzo dokusu ile duvar ve yer konsepti olarak sunulan Urban Jungle, modern ve şehirli bir orman temasından ilham alarak şehrin dur durak bilmeyen koşturmacasında, yeşil, sakin bir vaha yaratıyor. Urban Jungle koleksiyonunun tasarımı şehirlerde en çok kullanılan malzemelerden beton, zanaatkar elinden çıkmış gibi duran terrazzo ve floral motifli, yeşilin sakinleştirici tonlarında ışıldayan parlak efektli sofistike bir dekorun sentezlenmesinden oluşuyor.

*Urban Jungle, presented as a wall and porcelain concept with its concrete and terrazzo texture, is inspired by a modern and urban forest theme, creating a green, calm oasis in the city's unstoppable rush. The design of the Urban Jungle range creates a synthesis of the typically urban material of concrete, artisanal-looking terrazzo and a sophisticated décor featuring floral motifs and shimmering gloss effects in soothing shades of green.*

Urban Jungle bir karo konseptinden beklenmeyecek kadar modern ve çağdaş, minimalist ve duru ancak aynı zamanda bir o kadar narin ve dingin. İşte bu nedenle hem duvarlarda hem de yerde kişiye özel tasarımlar geliştirmek için biçilmiş kaftan.

*Urban Jungle is so modern and contemporary, so minimalist and clear, and yet so gentle and relaxed, to an extent one would hardly expect from a tile concept. And this makes it perfect for individual designs - on walls and floors alike.*

**ceramicplus bakımı kolay yüzey uygulaması**

ceramicplus, fabrikamızda duvar karolarına yapılan bir uygulamadır. Kir parçacıkları içeren iri su damlaları, bu kolay temizlenen yüzey uygulamasının üzerinden hızlı bir şekilde akıp gider. Böylelikle, karolarımız çok daha az bakım gerektirir. Genellikle yoğun temizlik malzemelerine ihtiyaç duyulmaksızın su ve bir temizlik bezi yeterli olmaktadır. ceramicplus uygulamasının üstün özellikleri Braunschweig'da bulunan bağımsız Fraunhofer Institut tarafından onaylanmıştır.

**ceramicplus easy-care surface finish**

The ceramicplus finish is applied to our nonvitreous wall tiles at the factory. Large water droplets containing dirt particles quickly flow off this easy-clean surface finish. Our tiles thus require much less care. Often, the only cleaning materials that are required are water and a cloth; aggressive cleaning agents are redundant. The outstanding properties of ceramicplus have been confirmed by the independent Fraunhofer Institut in Braunschweig.

**velvetYwood**

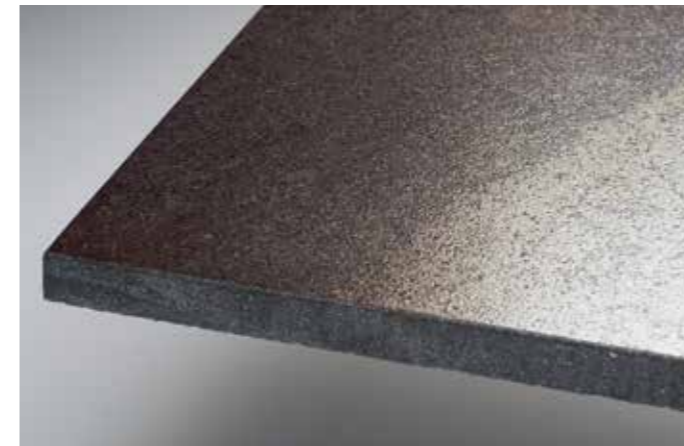

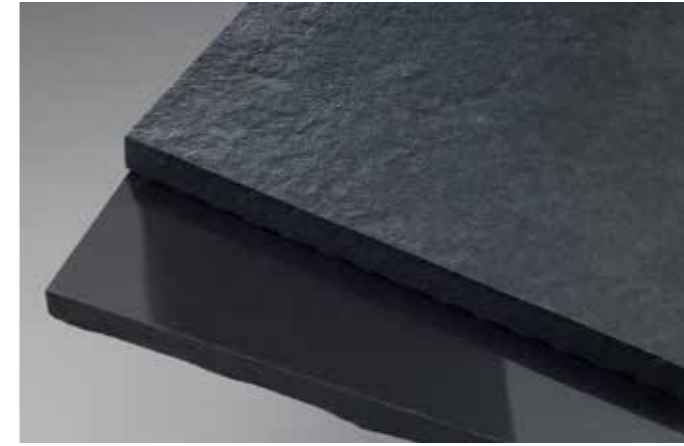

Zengin estetik görünüm için teknoloji ve geliştirme : VelvetYwood karoların yüzeyleri kadifemsi bir yumuşaklığa sahiptir. Bu yenilikçi yüzey aynı zamanda karolara ipeksi bir matlık vermektedir.

**velvetYwood****velvetYwood**

Technology and development for enhanced aesthetics : the velvety soft character of the surface of VelvetYwood tiles is palpable. Their innovative surface also gives these a matt sheen.

**vilbostone**

Villeroy&Boch vilbostone porselen karolar, en yüksek estetik ve teknik kalite standartlarını karşılar. Malzemenin özel sertlik ve yoğunluk özellikleri sayesinde, uzun bir kullanım ömrü sağlar, sağlam ve solmaz ürünlerdir. Hem kimyasallara hem de donmaya karşı dayanıklıdır. vilbostone karolar hem iç mekânlarda hem de dış mekânlarda bütün kullanım alanları için uygundur. Bu avantajlar, vilbostoneun, birçok kaplama malzemesine kıyasla çok daha ileri bir malzeme olmasını sağlamaktadır.

**vilbostone****vilbostone**

vilbostone porcelain stoneware tiles from Villeroy&Boch meet the highest aesthetic and technical quality standards. Thanks to the special hardness and density of the material, they have a long service life, are robust, colourfast and resistant to both chemicals and frost. vilbostone tiles are available for all application areas – both inside and outside. These advantages make vilbostone an outstanding covering material that stands head and shoulders above many other covering materials.

**vilbostoneplus**

Villeroy&Boch vilbostone porselen karolar doğası gereği dayanıklı ve kolay aşınmayan karolardır. Bir yüzey uygulaması olan vilbostoneplus bütün mat porselen karoların özelliklerini daha da zenginleştiren bir uygulamadır. Üretim sürecinde, karo yüzeyinin yapısı karoların lekelenme ve kir dayanımını iyileştirecek şekilde sızdırılır ve böylelikle mat karolara sonradan başka kimyasalların uygulanmasına gerek kalmaz.

**vilbostoneplus****vilbostoneplus**

vilbostone porcelain stoneware tiles from Villeroy&Boch are durable and hard-wearing by nature. vilbostoneplus, a surface seal, further enhances these properties for all matt porcelain stoneware tiles: during the manufacturing process, the structure of the tile surface is sealed to such an extent as to further increase the tiles' resistance to staining and dirt, as a result of which subsequent treatment of matt tiles with impregnating agents becomes unnecessary.

## vilbotouch

Vilbotouch estetik görünümünün ve teknik işlevselliğin birleşimi olarak sunulan yeni bir yüzey kaplamasıdır. İnce rölyef etkisi sayesinde karoların kayma direncinde R10 sınıfını sağlarken aynı zamanda daha kolay temizlenebilen yumuşak bir yüzey sağlar.

*vilbotouch a new surface finish with a soft look, created as a symbiosis of aesthetic appeal and technical functionality. The microscopically fine structure ensures that the tiles comply with slip resistance class R10 while also providing for an easy-care finish.*

## PowderTouch

Duvar karoları için yenilikçi mat yüzeyli sırdır. Bu sır, duvar karolarına pudra yumuşaklığında bir his veren ultra mat bir yüzey kaplamasıdır ve renklerin daha zarif ve modern görünmesini sağlar.

*Innovative matt-finish glaze for nonvitreous tiles. This glaze gives wall tiles an ultra-matt surface finish with a powdery soft feel and makes colours look exquisite and modern.*

## concept<sup>3</sup>

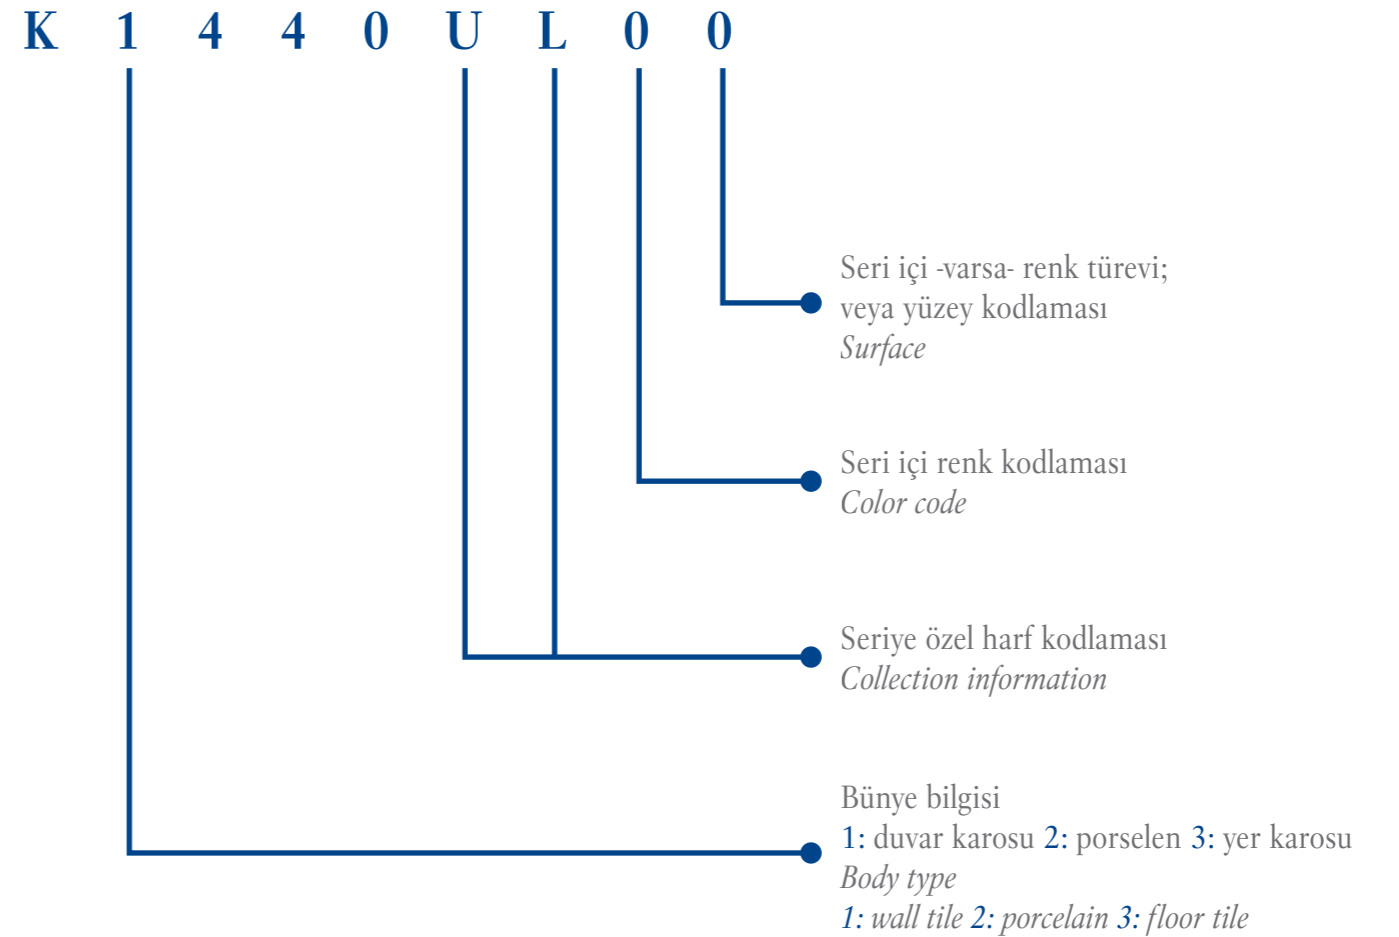

Bu konsept; duvar karolarının ve vilbostone porselenlerin; renk, format ve tasarım olarak en ince detaya kadar uyumlu çalışması sonucu; hem estetik hem de şık iç mekan tasarımları oluşturulmasına olanak sağlar."

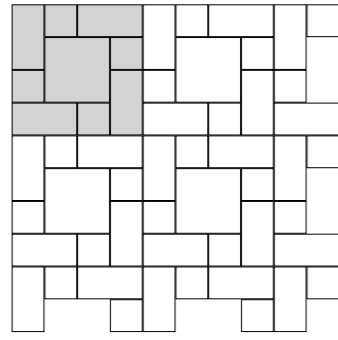

*The concept3 ranges are sophisticated wall and floor concepts in which everything matches, down to the smallest detail: the colours, formats, designs and decorations of the nonvitreous wall tiles and of the high-quality floor tiles made of vilbostone porcelain stoneware match up so perfectly that they permit seamless aesthetic interior designs – very individual and always stylish.*
