To Whom It May Concern:

It is my pleasure to write this letter of recommendation on behalf of Mr. Robert Wilson who presently serves as both our campus Student Senate President and Board of Trustees Student Representative. Robert is doing an admirable job in the performance of his duties and he is kept quite busy running an active and involved Student Senate.

Robert's educational goal is to complete a Baccalaureate degree in Nursing and to transfer to John Hopkins University in the near future. Throughout the school year Robert has to juggle many hats including being a full-time student; being a father to his three daughters; and having to complete a very demanding class schedule. As an appointed officer, Robert is expected to make numerous presentations and reports to various groups and organizations about the activities of the Student Senate. This year Robert has been busy in transitioning the old title of Associated Student Body to its new name the Student Senate. It had to go through the consultation process and he did a very good job in explaining why the college had to make this change over. Other projects he's been involved with is bringing back our "Freedom Rock" area on campus and in getting the entire campus Wi-Fi connected. Robert is always looking for new ideas and ways to improve services on campus for students.

Robert is a very bright and energetic individual who has a great passion to serve both students and the college campus. Presently, Robert does not have the ability to earn extra income or to find part-time employment, since he has such a busy schedule on campus. The opportunity for him to receive scholarships will be a great help and would help reduce his cost once he is accepted into our Nursing Program.

I wish Robert the best in his future endeavors and I know that he is personally driven to fulfill his dream of becoming a Certified Nurse. He is very deserving of your consideration and please provide him your utmost consideration in awarding him your prestigious scholarship.

If you have any additional questions concerning Robert, please feel free to contact me at (530) 225-4822.

Sincerely yours,

Dr. Keith H. Brookshaw
