

# STREAMEYE

## StreamEye ClipCam HD USB Camera with Stereo Microphone

**StreamEye ClipCam USB HD Video Camera with On-Board Microphone offers a substantial upgrade to most embedded laptop cameras. The ClipCam is plug and play with no drivers or set up needed, making it as easy as it gets to unbox and get to work.**

- Plug and Play operation. No drivers needed.
- Great for streaming or web-conferencing.
- Works with Zoom, Webex, FaceTime and every other platform that we have tested so far.
- Mounts easily on top of a monitor or desktop with no-slip pads integrated in the ClipCam's design.
- Embedded stereo microphone offers an enhanced voice pick up and helps to prevent feedback and audio issues that usually arise when using the laptop's internal microphone.
- Multiple Video Compression Formats: Support for 264/H.265, MJPEG, YUV and others.
- Wide FOV: 80° / 109° wide angle and small distortion lens.

# Specifications

Sensor	HD CMOS
Effective Pixels	16:9, 2.07 megapixel
Video Output Formats	1080P60/50/30/25/59.94/29.97; 1080I60/50/59.94; 720P60/50/30/25/59.94/29.97
View Angle	113(D) / 109(H) / 57(V)
Focus	Fixed
Aperture/Electronic Shutter	Fixed
Backlight Contrast	On/Off
Minimum Illumination	05. Lux (F1.8, AGC ON)
Exposure	Auto Exposure
SNR	>50dB
Video Interface	USB 2.0
Input Voltage	5V
Input Current	500mA (MAX)
Power Consumption	2.5 W
