

Settle Rite

Home Inspection Repairs. No Payments Until Settlement.

Home Repairs Designed For Home Sellers

Don't let buyer repair request, or other inspection repairs slow progress towards the settlement table.

Settle Rite Home Services can help you perform all repairs, and defer payments until closing. Plus, based on our unique software bidding system, we can help insure that you get the best price, and work is performed within the timeframe that you demand.

Pre-Market Renovations: Are you preparing your home for market but have a few updates that might improve value? Schedule a consultation with Settle Rite to tap into our expertise. We know what projects can add value and will help you get the job done, squeezing every bit of value out of your home during the sales process. Deferring payments until settlement.

Home Inspection Repairs: Inspection reports are the leading cause of contract failures in the U.S. Giving buyer concessions is often costly and is a B-I-G mistake. With one click or call, Settle Rite can resolve all of your home inspection issues, deferring payments until settlement.

Use Your Own Pro: Do you already know a great pro and have a plan for the required updates to your home? Settle Rite can still help. Contact Settle Rite to learn how you can use your favorite contractor and still defer payments. They get paid upon work completion, but you still do not have to pay until settlement.
