We Are Better Together

When we join together, we can make a greater impact on the future of green retail in Colorado.

As a member of the Garden Centers of Colorado, you and your employees have an opportunity to network and learn from other garden industry professionals in the state of Colorado.

Involvement in GCC means you will be afforded many opportunities to connect and learn in order to grow your own business.

It is our goal to help pave the way for future local and independent businesses that support gardeners through Colorado.

Our Mission Statement

To support locally owned independent garden centers and suppliers to successfully compete through education, networking, promotions and developing new services to support increased business opportunities.

“One of the most valuable aspects of our GCC membership is the opportunity to share our collective knowledge and experience with our fellow members.”

Michael Morris, The Flower Bin
Longmont, Colorado

Why Join GCC?

- Receive exclusive access to benefits and events to help improve your business and industry knowledge
- Educational and training offerings for management and employees
 - Networking programs and events across the state
 - Access to business discounts and services (such as Organix, FirstData and more)
 - Board and committee volunteer opportunities
- Legislative Influence with GreenCo
- ProGreen Expo partnership and discounted registration
- Private Facebook group to connect and learn from other GCC professionals
- Organized marketing campaigns and advertisements to promote independent garden centers in Colorado
- Exclusive access to green industry suppliers and vendors

...just to name a few perks.

“Our long-time relationship with GCC and its members has offered us the opportunity to provide exclusive products to the dealers. It has been and still is, a great partnership and will be for many years to come”

Jim Wilson, Organix Supply
